

# INDICT PAPER FOR TAX PUBLICATION

## COURTS WILL DECIDE SCOPE OF PUBLICITY

Attorney General Stone Re-  
fuses to Comment on Mean-  
ing of Statute

1923 RETURNS PUBLISHED

Defendant Newspapers Will  
State Treasury Department  
Furnished Information

By DAVID LAWRENCE  
Copyright 1924 by the Post Pub. Co.  
Washington, D. C.—Attorney General  
Stone was at the White House early  
Wednesday and informally discussed  
with newspapermen some of the pen-  
sion cases being brought by the gov-  
ernment to test whether the law was  
violated when the income tax returns  
were published.

Mr. Stone is not given to curbstomp  
opinions and would venture no con-  
clusion as to the construction of the  
statute but indicated clearly that the  
law is so full of conflicts that only  
the courts can straighten out what  
congress intended should be scope of  
the act.

One of the interesting questions  
which will be raised by the govern-  
ment is whether the provision under  
which income tax returns were made  
available for public inspection should  
apply to any returns except those  
for the year 1924.

It so happens that the treasury de-  
partment permitted the public to  
look at returns for the year 1923  
though these returns were made un-  
der the terms of the law of 1917, the  
year in which publication was strictly  
forbidden. If congress intended  
that the public should be allowed to  
gaze at the 1923 returns did con-  
gress not mean also that all returns  
for previous years extending indeed  
back to the very beginning of the in-  
come tax law should be open to be  
thrown open? One congress cannot  
bind another to secrecy and old re-  
cords frequently are made public long  
after the law originally requiring  
secrecy is considered out of date and  
repealed.

### MITIGATE OFFENSE

The newspapers are defendants  
in the government suits naturally  
reply that the treasury department  
itself furnished the 1923 returns to  
the public which, of course, will  
mitigate the offense. The whole  
thing, however, is not a prosecution  
for punishment, but a test. Indict-  
ments will be brought by grand juries  
in at least six instances and then the  
trials will be expedited with the hope  
of getting a clear ruling from the  
courts which might exonerate the  
newspapers from blame and the case  
would be appealed by the government  
to the supreme court of the United  
States for final decision.

Should the government win its suits  
and the newspaper publishers be  
found guilty of violating the statutes,  
the chances are the government it-  
self would move to abandon any  
punishment for the few that are  
selected would hardly be punished and  
scores of other newspapers be per-  
mitted to escape any penalty. The  
government is not primarily interest-  
ed in punishing anybody but in find-  
ing out what congress really meant.  
Congress itself didn't know when it  
passed the law for it put all sorts  
of contradictory provisions but the  
courts are constantly engaged in  
telling the country the meaning of  
the contradictory legislation and the  
income tax laws are no exception to  
the rule. The litigation may be long  
drawn out and another set of returns  
available before the decision is  
reached in which case the govern-  
ment may be compelled to seek a  
temporary injunction to restrain new-  
spapers from further publishing re-  
turns until the cases now being  
started are settled.

## BREAK IN GAS MAIN SHIFTS BLAME FOR POST OFFICE BLAST

By Associated Press  
Grand Rapids, Mich.—Officials of  
the Grand Rapids Gas Light Co.  
making an examination of the gas  
main in the vicinity of the post  
office in connection with a mysteri-  
ous explosion which a week ago de-  
stroyed part of the building, killing  
three and injuring thirteen, dis-  
covered a break in the pipe, it was  
announced Wednesday afternoon.  
Postoffice inspectors, working on  
the theory that it was gas that  
caused the explosion, point to this  
as positive proof of their conten-  
tion. Gas officials, however, de-  
clare that it is their belief that the  
break was caused by the explosion.  
They point out the fact that the  
main was tested before it was laid,  
after it was laid and that more  
than 300 pounds pressure was  
pumped into it before it was cov-  
ered up and pronounced fit for ser-  
vice.

Department of justice agents  
from Pittsburgh left for that city  
Wednesday night armed with all  
the available data and announced  
that they would make a report to  
Washington some time in the near  
future regarding what, in their  
opinion, caused the explosion.

## LONDON INDIGNANT OVER ATTEMPT TO MURDER OFFICIAL

Press Demands Punishment of  
Assassins Who Attacked  
Sirdar of Egypt

London.—The attempt in Cairo upon  
the life of Sir Lee Stack, Sirdar of  
the Egyptian army, has aroused  
great indignation here and most of  
the morning newspaper comment  
severely demanding that the govern-  
ment take prompt decision and ac-  
tion.

While Premier Zagloul Pasha and  
the Egyptian officials are acquitted of  
having desired, much less prompted,  
the outrage, it is contended that they  
were to a great extent morally re-  
sponsible by their alleged fostering  
of extremism and hostility to the  
British.

The Times says the Egyptian gov-  
ernment must be taught that its  
policy of "rendering to the extremists  
for political advantage" cannot be  
tolerated.

Cairo, Egypt.—Major General Sir  
Lee Stack, the Sirdar of the Egyptian  
army, who was wounded by assassins  
Wednesday passed a good night and  
there was some improvement noted  
but his condition Thursday morning  
was still very serious.

Six or more gunmen, using both  
bombs and automatic pistols, were  
concerned in the attack and the sirdar  
was struck by three bullets, suffering  
wounds in the abdomen, one hand and  
one foot. After an operation for trans-  
fusion of blood Wednesday night, the  
surgeons expressed hope for his re-  
covery.

The Egyptian premier, Sagloul  
Pasha, in a statement to the news-  
papers, declared the government would  
take every possible step to solve the  
mystery of the crime and capture the  
assassins.

"The outrage," he continued, "will  
cause a very bad impression with  
everyone everywhere. I deplore this  
crime. I do not know to what end the  
criminals are acting or to what class  
they belong, but I am convinced that  
its authors want to disturb the peace  
of the country. They shall not at-  
tain their ends."

## Promise Of Mediation Ends Los Angeles Feud

By Associated Press  
Los Angeles, Calif.—The violence of the  
Los Angeles aqueduct, diverted to the  
Owens Lake Sunday by a raiding party  
of Owens valley ranchers who  
seized and opened the Alabama waste  
gates north of Lone Pine, Inyo-co.,  
were turned back into their course  
by the raiding party at 3:40 A. M.  
Thursday, says a dispatch to the City of  
Los Angeles Times.

The ranchers decision to abandon  
their announced determination "to  
hold the gates open until state troops  
are sent or Los Angeles comes to our  
terms," was reached at a conference  
of leaders held at Keeler on the  
shores of Owens Lake, during the  
night. It was reached, says the  
Times dispatch, as a direct result of  
the resolution adopted last Tuesday  
by the Los Angeles Clearing House  
association, promising its cooperation  
in promoting a settlement of the wa-  
ter rights feud "providing the gates  
are closed."

This resolution, accompanied by a  
telegram from W. W. Waterman, an  
Owens valley banker who Tuesday  
laid the case of the ranchers before

## POWER MOTIVE OF LAKE LEVEL SUIT, IS CLAIM

Mississippi Valley Association  
Hears Address Lake Water  
Steal

By Associated Press  
Evansville, Ind.—Power and then  
more power is the sinister motive be-  
hind the effort to deprive the city  
of Chicago and the Illinois river of  
10,000 cubic feet of water a second  
from Lake Michigan. Congressman  
William E. Hull of Peoria, Ill., told  
the sixth annual convention of the  
Mississippi Valley association here  
Thursday.

"We must fight with all our might  
for we have confronting us the in-  
fluence and money of Canadian and  
Niagara power companies working un-  
der the cloak of lake carriers who  
are making a claim that this water  
will lower the levels of the lakes,"  
said Congressman Hull. "The divi-  
sion has been going on for 23 years  
and no bad results have occurred."

"The water hogs of Canada and Ni-  
agara falls would steal from us this  
10,000 cubic feet of water and chess  
with each other to see who would  
take it and make \$10,000 per year out  
of it by selling electric power."

Congressman Hull then appealed to  
every one in the midwest, north  
and south to fight for the retention of  
this divergence of water into the Chi-  
cago and Illinois rivers. He also ap-  
pealed to the east.

He also told the history of the deep  
water project of a navigable  
stage from the Great Lakes to the  
gulf.

Congressman Hull told of the ad-  
vantages of the gulf to the lakes  
waterway by showing that a plane  
shipped by freight, by water from  
New York to San Francisco via the  
Panama canal costs \$12.50 while the  
same plane shipped by freight by rail-  
road, costs \$51.50. "The same applies  
to all manufactured articles," he said.

## RAILMEN OBJECT TO LEGISLATION

Association of Railway Execu-  
tives Adopts Declaration at  
Annual Session

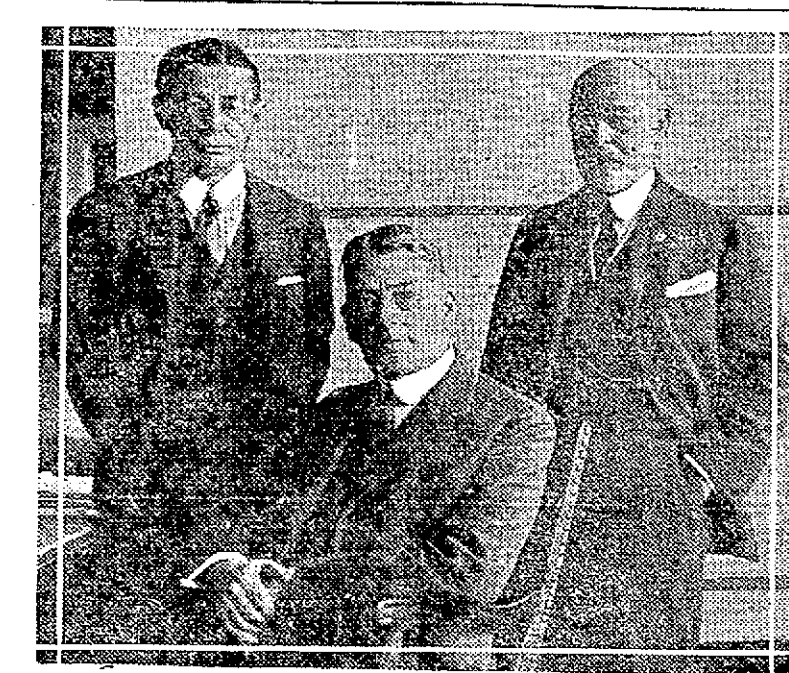

By Associated Press  
New York.—Railroad problems  
should be considered as economic  
questions and not as political issues,  
according to a declaration of policy  
issued by the Association of Railway  
Executives in annual convention.

At the meeting, which was held  
here Wednesday, the belief was  
expressed that railway conditions to-  
day call for no legislative action by  
congress.

The "declaration" also held that  
rate fixing by legislative action would  
be destructive, that amendments to  
the transportation act must be kept  
from the hands of "political doctors"  
and that adequate revenues should  
be secured by expansion.

To succeed Harold Holden, president  
of the Chicago, Burlington and Quar-  
terly railroad, as chairman of the execu-  
tive committee of the association, H.  
H. Ashton, president of the American  
Railway association was elected at  
Wednesday's meeting.

## Mate Deliberately Shot Robbers, Claim

Fahy Defense Offers to Prove  
Glasscock Sought to Kill  
Partners to Increase His  
Share of Loot

Chicago.—A startling move was made  
by the defense Thursday in the trial  
of William Fahy, former postoffice  
inspector, and two others charged  
with conspiracy in connection with  
the \$2,000,000 mail train robbery at  
Rondout, Ill., June 12, last, in offer-  
ing to prove that Brent Glasscock,  
leader of the actual robbers, delibera-  
tely shot Willie Newton, one of the  
bandits, and planned to kill Herbert  
Holliday, another.

Defense attorneys after Federal  
Judge Cliffe had excluded the jury  
from the courtroom, moved to be  
permitted to produce evidence that  
Glasscock planned to do away with  
Willie Newton and Holliday to provide  
larger distributive shares of the loot  
to himself and the others.

Judge Cliffe denied the defense re-  
quest.

Charges that Glasscock deliberately  
fired two shots at Holliday after he  
had shot Newton were made by  
George Guenther of counsel for the  
defense. It was he who charged that  
the defense had evidence tending to  
show that Glasscock wanted to kill  
the two men and thereby decrease the  
number of persons among whom the  
loot would be divided.

Glasscock testified Wednesday as  
the star witness for the government  
against William J. Fahy. The former  
postoffice inspector was still assigned  
robbers when federal inspectors ar-  
rested him and James Murray, a local  
politician, who, Glasscock said, first  
broached a mail robbery to him and  
the Newton brothers and Walter Mc-  
Comb, Glasscock, Holliday, Willis  
Willie, Joseph and Jesse Newton, all  
have pleaded guilty.

On cross examination Glasscock re-  
fused to answer a defense question as  
to whether he shot Willie Newton. He  
declined an answer on the constitu-  
tional grounds that to do so might  
incriminate him.

## REVENUE BUREAU PROBE UNDERWAY

Washington, D. C.—The investiga-  
tion of the internal revenue bureau  
by the special senate committee got  
under way Thursday with indications  
that it would continue until the clos-  
ing days of this congress.

After an executive session and a  
conference with President Coolidge by  
Chairman Couzens who outlined the  
plans of the committee, it was an-  
nounced Wednesday that a vigorous  
and uninterrupted inquiry would be  
conducted into the operations of the  
bureau.

Although its program was not defi-  
nitely agreed upon Wednesday the com-  
mittee decided to examine one wit-  
ness Thursday on the tax settlement  
of a huge estate before discussing fur-  
ther its procedure with reference to  
the prohibition unit.

It had been virtually decided to in-  
vestigate the issuance of industrial  
alcohol permits but whether the in-  
quiry will go further remains to be  
determined.

## NATIONAL GUARDSMEN WITHDRAW FROM HERRIN

Herrin, Ill.—Two officers and twenty  
seven men of Company C 130 in-  
fantry, Illinois National Guard, who  
have been on duty in Williamson-co  
since the rioting here last Aug. 30,  
returned via East St. Louis to their  
homes at Springfield Thursday.

## FIVE LIVES LOST WHEN FIRE RAZES BOARDING HOUSE

Flames Gain Headway in Frame  
Building and Spread to  
Six Others

By Associated Press  
Plymouth, Pa.—Five lives com-  
prised the toll of a fire which de-  
stroyed seven frame buildings in the  
business section here Thursday. The  
dead were Mrs. Martin Sherako, her  
niece, Emily Petrovski, 11 years old,  
and three unidentified boarders in the  
Sherako hotel. Another boarder, Ed-  
ward Alexton, was taken to a hospi-  
tal at Wilkesbarre in a serious condi-  
tion.

The fire which was of undetermined  
origin started in the basement of the  
Sherako boarding house, police said.  
The flames, fed by the wooden frame  
construction of the buildings, gained  
rapid headway and soon spread to six  
other places. These included a grocery  
store, a tailor shop, meat market,  
furniture store and cigar store and  
pool room.

A number of boarders were carried  
from the burning building by  
Deputy Sheriff Hoxey. The bodies of  
Mrs. Sherako and her niece and the  
three boarders were found on the  
first floor, where they were evidently  
attempting an escape from the flames  
when they met death.

The loss was estimated at more  
than \$75,000.

## BURGLARS LOOT FARMER'S SAFE

Robbers Batter Door Down and  
Open Iron Receptacle with  
Chisel, Hammer

By Associated Press  
River Falls.—Burglars who entered  
his home near here Thursday bat-  
tered open a safe and carried away  
\$8,000 in cash and Liberty bonds be-  
sides valuable papers, John Dunszatti,  
a farmer, reported to the authorities  
Thursday.

Seven thousand dollars in gold and  
currency, \$1,000 in Liberty bonds and  
a stack of valuable mortgages com-  
prised the loot, Dunszatti reported.  
Detectives from St. Paul were called  
to investigate the robbery and ob-  
tained finger prints from the window  
sill and safe which, they believe, were  
made by the burglars.

Dunszatti and his mother were ab-  
sent when the robbery occurred, and  
only a hired man was about the  
place. Detectives questioned him  
closely, but could learn little. Dun-  
szatti who lives seven miles south of  
here, has for many years been his  
own banker, electing to keep his  
money and papers in a small iron  
safe in his home rather than trust  
them to a bank. The safe was opened  
with a hammer and a chisel.

## START ACTION TO TEST RULE ON PUBLICITY

Baltimore Daily Post Is Chosen  
as Defendant in Grand  
Jury Trial

PUBLISHED INCOME LIST

Five Counts Are Included in  
Complaint Against Publish-  
ing Company

By Associated Press  
Washington, D. C.—The Baltimore  
Daily Post was indicted by the fed-  
eral grand jury Thursday for publi-  
cation of the income tax lists.

The indictment, the first test case  
to be instituted by the department of  
justice to obtain judicial construction  
of conflicting provisions in the income  
tax laws, charges that the Post  
printed the returns on income taxes  
in violation of Section 3,167 of the  
revised statutes despite a warning  
given by the treasury department  
when public inspection was ordered.

Baltimore, Md.—The Baltimore Post  
Co., publishers of the Baltimore Daily  
Post, Thursday was indicted by the  
United States grand jury in an action  
brought by the government to test  
the legality of publication of income  
tax returns by newspapers.

The indictment, which consists of  
five counts, charges the company with  
the "unlawful publication" on Jan.  
Oct. 24 of the names and income tax  
returns of five men whose names and  
amounts of their payments are set  
forth in the indictment.

The indictment followed the appear-  
ance before the grand jury Thursday  
of Harold Allen and Sewell Key, spe-  
cial assistants to Attorney General  
Stone. Cole, chief of the internal revenue  
collector for this district, was named  
as the prosecuting witness. So far  
as known he was the only witness.

## FARM COMMISSION AWAITS REPORTS

Members Plan to Reassemble  
in January to Act on Informa-  
tion at Hand

By Associated Press  
Washington, D. C.—The president's  
agricultural commission was in re-  
cess Thursday while all government  
agencies whose activities affect the  
farming industry began the assem-  
bling of comprehensive information it  
requires as a basis for considering a  
permanent relief program.

Members of the commission plan to  
reassemble in January when it is ex-  
pected sufficient data will be available  
for them to proceed with the formu-  
lation of livestock and cooperative mar-  
keting proposals which they regard  
as the most urgent problems before  
the commission.

They hope to have recommendations  
on these subjects, and as many  
others as possible, ready for consid-  
eration by congress before it expires  
March 4, in compliance with Presi-  
dent Coolidge's desire that agricul-  
tural relief be acted upon at the impend-  
ing short session.

By Associated Press  
Rochester, Minn.—Mrs. Joseph  
Turnulty, wife of the former private

## Furnace Death Still Is Baffling Mystery

By Associated Press  
Columbus, O.—The manner in which  
the body of Mrs. Addie Sheatsley, 50,  
wife of the Rev. C. V. Sheatsley, pas-  
tor of Christ Lutheran church of Nes-  
tley, a suburb, was cremated was as  
much a mystery Thursday as when  
the charred bones were found in the  
heating furnace of the family home  
late Monday afternoon. Two days of  
investigation by County Prosecutor  
John R. Kling, aided by city detec-  
tives, has resulted in no clue, the  
prosecutor announced.

Thursday the investigation has par-  
tially shifted to Paris, O., where Pro-  
secutor Kling will question relatives of  
the cremated woman, including her  
aged mother, who until last March  
made her home with the Sheatsleys.

The mystery in the most baffling  
in local history. The Rev. Sheatsley  
is pastor of the leading church in the  
exclusive suburb. His wife was of a  
gentle nature and loved by all his  
congregation, neighbors testified. On  
the afternoon of the tragedy the win-

## New Chief Plans Police Shakeup In War On Crime

Reorganization of Chicago De-  
tective Bureau Will Be Schoe-  
maker's First Step

SUSPECTS DENY GUILT

Coroner's Jury Requests Power  
to Investigate O'Banion's  
Murder

By Associated Press  
Chicago.—A reorganization of the  
Chicago Detective bureau will be the  
first step of William Schoemaker,  
named chief of detectives Wednesday.  
To succeed Michael Hughes, demoted  
in a shakeup of the police department  
as a result of investigation of the slay-  
ing ten days ago of Dion O'Banion,  
florist and gang leader.

Hughes resigned after he was or-  
dered transferred to an outlying police  
station but he was reported Thurs-  
day to be reconsidering at the in-  
stance of friends who urged him  
not to terminate his 25 years of ser-  
vice. His friends thought he might  
withdraw his resignation and take a  
six months' furlough.

Meanwhile a coroner's jury, investi-  
gating O'Banion's death, has asked  
that it be allowed to take the inquiry  
from police hands and conduct it  
through special investigation by 30  
picked detectives.

The jury announced it would call before it Mor-  
gan A. Collins, chief of police and the  
new detective chief. Although the  
state attorney held Frank Tule and  
Sam Holladay of New York for as-  
sault in connection with O'Banion's  
death were indicted writs of habeas  
corpus would be issued Thursday for  
their release unless formal charges  
were made. The men, arrested as  
they boarded a train for New York,  
have denied any connection with the  
shooting and they have not been iden-  
tified by witnesses who obtained fleet-  
ing glimpses of O'Banion's slayers.

## ANNOUNCE SALE OF PENINSULAR POWER

New York Firm Acquires Large  
Holdings in Northern  
Wisconsin

By Associated Press  
Madison.—Sale of the Peninsular  
Power company, which serves munic-  
ipalities in northern Wisconsin and the  
Michigan peninsula, to the North  
American Co., a power corporation of  
New York, was announced Thursday  
by owners of the Peninsular firm here.  
Details as to the consideration have  
not yet been completed, it was stated.  
Iron Mountain, Mich., and Florence,  
Wis., are among the towns served  
by the Peninsular Co. It also serves  
large mines in the upper Michigan  
district and maintains power plants on  
the Menominee river.

The North American Co. is one  
of the largest public holding firms  
in the country, it is said, holding con-  
siderable interests in large utility  
companies throughout the nation, in-  
cluding the Milwaukee Electric Rail-  
way and Light Co. of Milwaukee.

Headquarters of the Peninsular Co.  
are in Madison and principal stock-  
holders include Prof. D. H. Mead,  
Dean F. S. Turneure, Professor  
Stephen M. Babcock, Dean H. S.  
Richards, J. B. Schubring and Judge  
E. Ray Stevens, all of Madison.

## NEW SHOOTING IS CHICAGO MYSTERY

Chicago.—The body of a man iden-

had been shot in the back twice and  
once in the back of the head, was  
found in the rough side with evidence  
that bullets had swept across the  
greater part of a block.

The mystery of the shooting deep-  
ened when about the same time an  
inconceivable man was found in an  
alley two blocks away. The latter  
apparently had his skull fractured.  
Bullets had crashed through the  
plate glass front of one store and  
nearly a block away other bullets  
were found imbedded in the side of a  
barn.

## SIGNS APPROVAL OF RAILWAY LINE SALE

By Associated Press  
Pueblo, Colo.—Federal Judge Symes  
announced here Thursday that he  
signed Wednesday night the order  
approving the sale of the Denver and  
the Grande Western railroad to the  
Missouri Pacific and the Western Pa-  
cific railroads.

Judge Symes said he made only a  
few minor changes in the order.

## MRS. HARDING IN COMATOSE STATE

Marion, O.—Mrs. Warren G. Har-  
ding was in a semi-comatose state  
Thursday at the White Oaks, sum-  
mertime of Dr. Carl E. Sawyer, who  
she has been in a state of death  
for the last week. Dr. Sawyer, in a  
bulletin, however, said that her heart  
action was fair.

The White House is keeping in con-  
stant touch with Sawyer. Several in-  
quiries were received Wednesday  
night from Washington concerning  
Mrs. Harding's condition.

Dr. Sawyer's bulletin follows:  
"Mrs. Harding was restless most of  
the night. This morning she is in a  
semi-comatose condition. Her heart  
action is fair. Elimination poor. She  
is very weak and exhausted."

Washington, D. C.—Appointment of  
Vice Admiral Newton A. McQuill,  
now commanding the Atlantic scout-  
ing fleet, to be head of the naval mis-  
sion to Brazil, was announced Thurs-  
day at the navy department. He will  
leave for his new post about Dec. 25.

## COUNCIL INDORSES UNION SYSTEM FOR OPERATING SCHOOLS

Fourth Ward Alderman Declares He Doesn't Understand "City Plan"

The common council Wednesday evening endorsed the union system of schools, which will be voted upon in the several school districts on Nov. 25, as the more practical and efficient educational system.

It adopted the resolution of Alderman C. D. Thompson of the Second ward committing the council to that program and recommending support of the city plan at the district polls. Roll call on this question showed Aldermen Beske, Zilke, Hasemann, Smith, Thompson, Eggert, Steinhauer and Hansen in favor of the resolution and Aldermen McGillan and Richardson opposed. Aldermen Foss and Callahan were absent.

In explaining their position, Aldermen McGillan and Richardson said they were opposing the resolution on the belief that the council ought not choose a course of action for the electors of the districts.

"If you pass a resolution of this kind, the people will think they are being misled," said Alderman Richardson.

Alderman McGillan declared that it was not for the aldermen to determine what their constituents should do and also considered the entire issue unripe. He said that an educational campaign should have been conducted first.

**WANTS INFORMATION**  
"There is no alderman on this council that can go out and tell his constituents what benefits would be derived from the union system," he said.

Alderman Steinhauer asked, "Why don't you think that the union system is a good thing?"

"I don't know anything about it," Mr. McGillan replied.

Alderman Thompson then proceeded to explain to him what the union school system implies. He expressed surprise at learning that an alderman of the city did not know what the union system is.

In the first place, he pointed out that if the union school system had no merits, it would not be the educational system now almost universally used. Appleton, he said, is the only city in Wisconsin, and one of the few cities in the United States that still clings to the antiquated district school system.

The fact that the city now has four school tax rates, exclusive of the high school tax, to deal with, as well as the condition arising from the adoption of the union high schools which makes it difficult to decide just how the school taxes are to be raised next year, ought to convince any alderman, at least, why the union system is more satisfactory, he said. It is from the standpoint of business administration that the council is interested.

Since the school districts are voting on the "city" plan, it is representatives of the city who should take an interest in the matter, he said.

Lack of a unified administration, lack of uniformity in various school matters and the fourfold management funds, particularly the purchase of supplies, should indicate that the schools of the city cannot be operated by four boards as cheaply as by one. It was brought out.

## A \$175,000,000 FIRE

One and coal docks worth \$1,750,000 were destroyed in this fire at DeCanaba, Mich. They were owned by the Chicago & Northwestern Railway. One man, George Ingram, 45, a construction foreman, was burned to death, and another, Sherman Serre, was forced to leap 80 feet into a bay to save his life.

## Flashes Out Of The Air

Harry Snodgrass, "king of the voices," was in fine fettle Wednesday night when he radioed a program of piano music from WOS. His concert was marred, however, by cuds flashing in frequently along about 10 o'clock.

The Duncan Sisters, who have been entertaining from KYW for many weeks, will be heard for the last time from that station next Friday night. Topsy and Eva are leaving Chicago this weekend and will open an engagement in Detroit. It is possible their entertainment will be radioed by one of the Detroit stations.

WCCO, St. Paul, Minneapolis—has announced a classical program for Thursday evening, beginning at 10 o'clock. This station usually offers excellent programs.

## RAIN OF FIRE ON STAGE FOR "FAUST"

One of the most spectacular scenes of "Faust," to be produced at St. Joseph hall all next week will be a rain of fire which will descend on the stage at the command of Mephisto, according to J. F. Bannister, who is directing the production for the Catholic Home association. Elaborate arrangements have been completed to make these spectacular scenes as effective as possible.

Daily rehearsals are being held by a choir of 40 voices, directed by J. A. Nickasch, which will be one of the features of the production. Some of the popular airs of the opera will be sung by the choir and played by the orchestra, which is directed by Prof. Percy Fullinwider of Lawrence Conservatory of Music.

A dress rehearsal, in which the entire cast of 150 people, the choir and the orchestra, will take part, is to be held Friday evening. The first performance will be Sunday afternoon when there is to be a matinee for children. The night performances begin on Sunday and continue until Friday night.

## TRINITY CHURCH GETS READY FOR DEDICATION

Boy Scouts of Trinity English Lutheran church will meet at 7 o'clock Friday evening in the basement of the church. The regular program will be carried out.

Rehearsal of dedication music will be held at 7:30 Thursday evening in the basement.

The stained glass windows are being put into the new church and the marble altar is being erected. The windows are particularly beautiful because they are exact reproductions of old 13th century glass and subjects, and were imported from Europe. They are very rare specimens of workmanship and were brought into this country 40 years ago.

## WANTED! 15,000 SUFFERERS FROM DEAFNESS HEAD NOISES Or Nasal Catarrh

I want the names of 15,000 people who are suffering from catarrhal deafness, dullness of hearing or head noises. I have an original home treatment for these distressing conditions which I want you to try without cost or expense. I suffered for many years from catarrhal deafness, head noises, tinnitus, and many different treatments failed. I began experimenting on myself and finally found a treatment which completely healed my catarrh, restored my hearing and stopped the terrible head noises. I want you to try this splendid treatment entirely at my own expense.

**15,000 TREATMENTS TO FREE!**  
**BE GIVEN THIS MONTH**

I am so proud of my treatment and so anxious to help others suffering with catarrhal deafness and head noises that I will give away in the next 30 days absolutely free. I want to prove that my original home treatment will give relief from catarrhal deafness, head noises or nasal catarrh. The results are quick and convincing. You feel the difference the first day. This treatment costs you nothing whatever. Simply write me and I will send you the treatment. I have never found it over 40 years daily practice as eye, ear, nose and throat specialist. I want every sufferer with catarrhal deafness, head noises, tinnitus, or nasal catarrh to try it free.

## KEEP TRAGEDY OUT OF CHRISTMAS JOY

City Electrician Seeks Cooperation to Avoid Fires in Holiday Season

With the approach of the holiday season, the fire department is making an effort to reduce fire hazards. Louis Laubie, electrical inspector is endeavoring to do his part by cutting down electrical fire hazards.

The department has gone ahead with the assumption that safe illumination for the holiday displays in stores can be made more attractive than dangerous ones. Cotton bunting or other readily inflammable material can be entirely eliminated from the decorations without marring their beauty. It is claimed. The practice of draping merchandise over lamps defeats its own purpose, as the efficiency of the lamps is reduced by cutting down the area of illumination and establishing dark spots in the merchandise. It was pointed out.

As has been the practice in this city for several years, the inspector is again calling the attention of the public and the merchants to the crowded conditions of stores just previous to the holidays when an unusually large quantity of inflammable merchandise is attractively displayed. The inspector urges a close cooperation of the display men, electricians and the public in this respect. The inspector advocates the use of electric lights in place of the wax candles for Christmas trees. The fire department has on hand a list of approved electrical appliances, Christmas tree lighting units and electrical toys.

Fires of electrical origin have been on the decrease during the last few years in spite of the rapid extension of the use of electricity. This is traceable to the standard for wiring that is maintained in most cities.

## BOARD PROVIDES \$400 FOR HELPER FOR PROSECUTOR

Legislature Asked to Permit Maine to Assess Oshkosh City Property

A resolution authorizing the district attorney to appoint an assistant district attorney was passed by the board of supervisors on Wednesday. The resolution had been introduced by Anton Jansen, president of Little Chute.

John A. Lonsdorf, district attorney when asked for an explanation, replied that an assistant is necessary not only during sessions of the county board when it is difficult for the district attorney to attend to court matters and also attend the board sessions, but he added, that frequently both the circuit court and municipal court are in session at the same time. An increase in the work of the district attorney's office also makes appointment of an assistant a pressing need, he said.

The county board allowed \$400 a year to the assistant for part time services.

### ADOPT REPORT

The report of the equalization committee fixing the true values of assessed property in the county and the proportion of taxes to be borne by the cities, villages and towns respectively was adopted by the board without discussion.

In a resolution introduced by Supervisors R. T. Carpenter of Maine and Fred Drephal of Cicero, remedial legislation was asked of Assemblymen Anton Miller and Fred Mueller and State Senator John Englund relative to the taxing of land in Outagamie county that is owned by the city of Oshkosh. For years, it was pointed out, the city has held this property, granted to it in a quit claim deed by Mrs. Orville Beach, and depriving the school district and towns of the right of taxation. The city of Oshkosh owns 240 acres in the town of Maine.

The following highway appropriations were authorized: The sum of \$11,554.36 to meet the first 50 per cent of state aid, and \$15,855.32 to meet the second 50 per cent, making available \$18,000 on highway 55 in the city of Seymour; \$1,757.27 on highway 76 in Deer Creek and Maple Creek, both concrete projects, also on county highway 8 in the town of Kaukauna and \$8,708.78 on county highway E in Freedom. Other highway appropriations made were: \$8,000 on highways B and F in Maine; \$4,000 on highway M in Dale; \$20,000 on the concrete pavement on Cherry and Richmond-sts in Appleton; \$15,000 on concrete pavement on highway 47 in the village of Black Creek; \$65,000 for county patrol; \$4,291.27 on highway E in Freedom; \$20,000 for maintenance of machinery; \$16,554.36 on concrete project on Dodge-st, Kaukauna; \$15,158.97 on highway E in Oneida; \$13,242.74 to aid in concreting highway 76 in Deer Creek and Maple Creek; \$2,000 to improve bad turn on Tolan hill, Kaukauna.

County and town aid for bridges was appropriated as follows: \$980 on Vandervoort bridge, Oneida; \$1,870.51 on Van Lanen bridge, Oneida; \$1,657.82 on VanBoxell bridge, Oneida; \$788.19 on Heitpas bridge, Vandenbrook.

### BARRY PLAY SELECTED BY SUNSET PLAYERS

"You and I," by Philip Barry, has been chosen by the Sunset Players, Lawrence dramatic organization, to be presented Jan. 9 as their public performance this year.

The play, a three act comedy, is a product of George P. Baker's Harvard 47 Workshop and was originally produced in New York at the Belmont theatre.

The casts are practicing, and from them the final cast will be chosen. The play is being coached by Miss Ruth Grote under the direction of Miss Margaret Sherman, of the Lawrence public speaking department last year. Miss Walda Rusch is president of the organization.

## JOIN THE RED CROSS

Somehow the impression has gone out that the American Red Cross is a wartime institution, without life and activity in times of peace. This mistaken idea of Red Cross and its functions is widespread in Outagamie county, in spite of publicity that has been given to peace-time activities of the organization.

The Red Cross is as active in peace as it is in war. The only difference is that the peace-time work does not savor of the spectacular as much as its war time efforts and as a result the work it does in normal times does not receive much advertising. But the Red Cross always is active and its services are as invaluable and as much in demand as they are on the battlefield.

Outagamie county has a chapter of Red Cross and it has the duty of doing its share to assist in the work which the Red Cross does. The local chapter is cooperating with the national organization and always stands ready to give its assistance where it is required.

Red Cross work in peace-time is of greatest value in relieving distress in the wake of disaster. When a great storm destroyed millions of dollars worth of property in northern Wisconsin this year, the Red Cross sent thousands of dollars and many trained workers into the stricken area. Without the Red Cross the work of rehabilitating the Ohio district destroyed by a storm last summer would have been immeasurably more difficult than it was. Wherever there is distress, wherever there is suffering, there you will find the Red Cross. It is working as hard in peace-time as in war time.

The people of Appleton and of Outagamie county must not let the Red Cross here die out for want of support. Their opportunity to help is during this annual Red Cross Roll Call which started on Armistice day and ends on Thanksgiving day. Memberships in the Red Cross are only a dollar, small enough to make it possible for everyone to join. Membership headquarters have been established at Appleton Women's club, Chamber of Commerce and the Y. M. C. A. The opportunity for everyone to join is here, the need is great.

## LABOR AND POLITICS

It is not surprising there was difference of opinion at the convention of the American Federation of Labor at El Paso over the political issue. There was some active sentiment in favor of direct political action by labor along the lines undertaken by labor in Great Britain. This would mean the formation of a labor party entirely distinct and apart from the other parties. We would not venture to predict that the time will not come when organized labor in the United States may adopt such a policy, but we believe, with the majority of the members in the federation, that it would be an unwise policy at present. Future developments would have to determine whether the policy would ever become wise. Much would depend upon the manner in which one or both of the major parties dealt with industrial and social problems.

For the first time in its history the American Federation of Labor in the campaign just concluded departed from its traditional policy of political non-partisanship and cast its lot with the La Follette movement. The results were anything but encouraging or satisfactory. Not only was the ticket which the federation endorsed swamped, but it was apparent from the returns in large industrial centers that the labor

vote was not delivered to the Independent party. In many of these cities labor went almost as a body, either for Coolidge or Davis. The El Paso convention has decided to reaffirm the non-partisan political policy, and this we believe will strike the rank and file of labor, as well as the country at large, as an exercise of good judgment.

The status and activities of organized labor in the United States recommend an honest and friendly attitude toward its problems by whatever political party may be in power. There are certain social and political reforms demanded by labor which legislation can meet, and it is to be hoped the Coolidge administration will display an earnest attempt to deal with these matters honestly. We will need something more than a rigidly and exclusively business administration. This will in itself, it is true, contribute to the prosperity of labor and all other elements, but it does not necessarily reach some of the specific subjects in which labor is particularly interested. In other words, it will be necessary to cooperate with labor for its improvement and progress the same as the farmer.

## AFTER THE WORK'S DONE

When Aristotle long ago said that the right use of leisure was the chief end of education, he little dreamed that in our day this idea would be used in support of a plea for a change in education.

In an article in the current number of one of our magazines the writer contends that the students who go into business and industry through the doors of a college training get only the technical education required for their work. They get no training in the right use of their leisure after the routine work of the day. For the vast majority of our boys and girls college doors never open at all, and only a relatively small number finishes even the high school. In an age when most work is done by machinery, when even a good share of the remainder is mechanical and routine, it is pointed out, these children should be given training which in later years would help them to make better use of their leisure time.

Most parents and teachers will agree that this suggestion is worthy of consideration. We can ill afford to neglect the fact that what use people make of their leisure time is very important both as a matter of social welfare and business efficiency. While it is not proposed to restrict the individual in his pleasures, the community should aim to make these pleasures as wholesome as possible for the individual and society.

WHEN Mom has lots of things to do—the housework and the like—her helper gives her spirit new, a tiny little like.  
This little sister's three years old, but my, she's learning fast. She does things just as she is told, and does them very fast.  
The dishes come to start the day, and sister understands. They're wiped and quickly put away by tiny little hands.  
Then mother gets the sweeper out and cleans from room to room. You'll hear the whirling of a little three foot broom.  
The afternoon brings baking plans and things come from the shelf. So sis puts flour on pots and pans and also on herself.  
This tiny youngster works and goes around the house humming. Perhaps she's smart, perhaps she knows that Christmas soon is coming.

## NIGHT TERRORS.

A child has relatively more nervous tissue than an adult. A child may have a convulsion with the onset of some fever in which an adult would have only a chill. All of us have nightmares at one time or another. Children are more likely to have night terrors. There is a difference. In a nightmare one remains quietly in bed and asleep, though perhaps feebly struggling or uttering faint groans or smothered cries as the feverish, nightmare-lunged at one's liver, but the child with night terrors awakes in wild alarm, screams, clings in terror to mother or other person but seems unable to recognize members of the family generally, perhaps sees a bear or dog or spider, quites down finally and goes to sleep again. Next day the child usually has no recollection of the attack. We can gain some insight into something about a nightmare and again must be looked upon as an evidence of neuropathic defect. The child who has night terrors repeatedly may have a neurotic inheritance or a neurotic environment and training or, what is usually the case, both of these handicaps. I will explain what these terms mean presently. First I should say that digestive dis-eases such as acid indigestion, flatulency, mental disturbances from improper diet, fright, worry, mental shocks such as a child may suffer from the wrong kind of bedtime stories—are particularly active in neuropathic families.

Frequent night terrors in childhood is a common notation in the early history of epilepsy.

Epilepsy is a typical neurosis, a disorder of the nervous system without any definite or recognizable structural cause. A physician cannot diagnose sign or change by which a pathologist can determine that a subject has had epilepsy or succumbed to an attack of it. Many other disorders of the nervous system are neurosis, notably hysteria, migraine (periodic sick headache), inebriety drug habit, writer's cramp, neurasthenia (distress headache), writer's cramp, neurasthenia (an invention of nerve specialists). When a "neurasthenic" individual has excessive fear or anxiety about anything his anxiety neurosis is dubbed psychasthenia.

There is at least a family prevalence of the neurosis, inheritance it is usually called, though it is difficult to explain why an alcoholic parent is more likely to have epileptic or hysterical children, or why the children of a hysterical father, let us say, are more prone to contract drug habits, unless we give considerable credit to training, precept, example, environment. Anyhow you now understand what neurotic inheritance means and what a neurotic family is. If a man is of the quality or quality or "socially" or has litigation spirit, he is more likely to be epileptic, hysterical or "queer". Poor stuff, he gets poor stuff.

## QUESTIONS AND ANSWERS.

Q. Our family uses an inordinate amount of tincture of iodine for cuts, bruises, scratches, etc., and we find it is effective as a first aid disinfectant, but the tincture leaves on the skin is ghastly. Has anyone called colorless iodine (prepared by the addition of sodium metabisulfite) the same virtue as its brown relative? If not, why not? We give you thanks for being an eye opener. How some of the fakers must love you! (C. W.)  
A. Answer.—So called colorless or decolorized tinctures of iodine are useless for disinfection, though possibly as effective as the ordinary brown tincture if used as an internal remedy. The decolorized preparations contain the same iodine compounds. The brown tincture of iodine may be removed by wiping the skin with a weak ammonia water.

By HAL COCHRAN

TWENTY-FIVE YEARS AGO.  
Thursday, Nov. 23, 1899.

The sum of \$500 was appropriated by the county board to the children's home.  
Postmaster Barreau received word that the number of letter carriers would be increased to eight the first of the next month. Joseph Grassberger, who has been substituting for a number of years, was to be promoted to the new position and Fred Schultze was to take Mr. Grassberger's place.  
A marriage license was issued to John Arndt and Amelia Paeth, both of Appleton.  
The Misses Maggie and Hilda Johnson entertained the Coco Whist club at their home on Appleton street. Prizes were won by Maude Belding, Frank Calmes, Dora Jensen and Norma Johnson.  
The B. S. card club met the previous evening at the home of Mrs. Joseph Groulx.  
Mrs. Mary Peterson and John Hanson were married the previous afternoon.  
George Garvey sold his property on State-st to Philip Abendschneid for about \$2,000.  
A daughter was born to Mr. and Mrs. Frank Remier the day previous.  
William August Lorenz died the previous Sunday at his home in the town of Ellington. The funeral took place the previous day.  
The Wisconsin Tissue and Paper Co. shipped a carload of paper to Marietta, Ga., a few days previous.  
E. A. Beaulieu left for Madison where he had obtained a position.

TEN YEARS AGO.  
Thursday, Nov. 19, 1914.

C. B. Ballard's resolution to abolish the county highway committee and county highway commissioner's office was tabled by the board that morning by a vote of 21 to 15. The vote was taken after a debate in which Ballard and Supervisor Charles Hagen were the principal speakers.  
Appleton Commercial club announced that Governor-elect Philipp would speak at the opening banquet on Nov. 30 in Elks club.  
A survey was being made by representatives of the insurance companies to place Appleton in class 2 in the matter of fire hazards. This change was the result of introduction of motor apparatus in the fire department.  
A boom was started to elect Thomas F. Kopp, Democratic congressman of the Ninth district, as United States Senator, Robert M. LaFollette's successor in 1916.  
Mr. and Mrs. William VanNortwick left that morning for French Lick, Ind., to remain ten days for two weeks.  
The marriage of Miss Lena Dierick of Freedom, to John Webber of Osborn, took place that morning in the Catholic church at Freedom.  
The Motorcycle club of Appleton was preparing to hold a motorcycle fair at the armory from Jan. 5 to 9.  
Miss Virginia Bourassa, of Kimberly and Walter Koppa of Oconto, were married the previous Tuesday at Kimberly. They were to make their home at Oconto.  
Frank VanHalle of Skykomish, Wash., arrived in Appleton the day previous. He was to be married on Thanksgiving day to Miss Gertrude Schmidt, daughter of Mr. and Mrs. Matt Schmidt.

# Judges America By Telephones

(From The Buffalo Evening Press)  
Bertrand Russell, the English Socialist-Pacifist, who recently lectured here, was not favorably impressed by the United States. He found that Americans were a crude people. Here is what he says:  
"It is impossible to read in America, except in the train, because of the telephone. Every one has a telephone, and it rings all day and most of the night. This makes conversation, thinking and reading out of the question, and accordingly these activities are somewhat neglected."

Perhaps this English critic was unfortunate in his telephone service. He may too often have heard "wrong number" and "excuse it please." Still, anyone familiar with the telephone service in England would hardly admit its superiority over that offered here. One might even argue that "hello" is preferable to "are you there?" However, we must admit that the telephone plays an important part in the life of America. Still when Mr. Russell says that there is no conversation in this country, it is manifest that he is wholly unfamiliar with that marvelous institution, the four-party line.

# Yanks Fall For Foreign Stuff

(From Low Bridge and Punk Punga. By Sam Hallman.)

It's getting so that nothing, which is home-grown, is worth one hoot with the hoot monde in America. The swell giggle-frills and finale-hoofers snags their dance steps from South American barrel houses doll rags ain't no good unless they have been flashed first by a French croquette on the Rue-de-la-pay-as-you-enter; a show is gotta be gargled in Russia to get the prominent coin at the gate and the stuff for a bun comes from bunny Scotland.

A. There is such a bride at Richmond, Virginia.

Q. Is there anything to put in butter to make it white? J. H. F.

A. The Bureau of Dairying says that so far as it knows there is nothing that can be put in butter before it is churned to give it a white appearance. In winter when the cows are on dry feed the butter is much lighter in color than in summer when green feed is used. On the other hand it is customary in winter to add some coloring substance to the cream before it is churned in order to give it a rich color.

Pete is the recipient every three years to a naval uniform, brass buttoned and laced, one large Union Jack, and \$25. In one dollar bills, in return for which he is supposed to get his tribe in firm allegiance to the British crown. As well, on becoming chief, he was presented with a solid silver medal. This weighs one pound and a half, and Pete is very proud of this white man given insignia of his exalted position. The chief is a strong churchman.

John Philip was born in Washington, D. C. He is therefore an American.

Q. Why is Friday regarded as a lucky day in marriage, N. W.

A. In Northern countries, this superstition prevails. This is traced to the fact that Friday is named for the Norse goddess of Marriage—Freya. Her chariot was drawn by black cats. This is why cats are regarded as omens of good luck.

Q. Is dewberry growing profitable? M. N. C.

A. The dewberry, also called trailing blackberry, is extensively grown in a small number of localities in North Carolina, Michigan, New York and New Jersey where, because of the skill of the growers in using special methods of training and culture, it is very profitable. Although suited to many types of soils, the dewberry is most extensively grown on coarse sandy loams.

Q. Is there any significance to the designs generally found on oriental rugs? S. C. C.

A. Authorities on oriental rugs say that the rug itself typifies the universe and the various designs the ever changing course of life. The principal color, if red, typifies life or victory; if blue, royalty; if white, purity; if green, devotion, and if black, evil. In patterns the suastika means good luck, the flower and knot for time and life everlasting, the circle, immortality. The star of six points represents Allah.

Q. Are any of the seven wonders of the world still in existence? T. G.

A. Only one of them remains today, the Great Pyramid of Cheops at Gizeh.

Q. What is photomicrography? P. K. E.

A. This term is applied to the science of photography under a microscope. It is used in pathology, biology and botany. A motion picture camera is placed behind optical instruments with the result that it is possible to photograph the body of the tongue of a fly 1,500 times enlarged.

Q. Is it possible to determine absolutely whether or not a painting is the work of a great master? G. E. V.

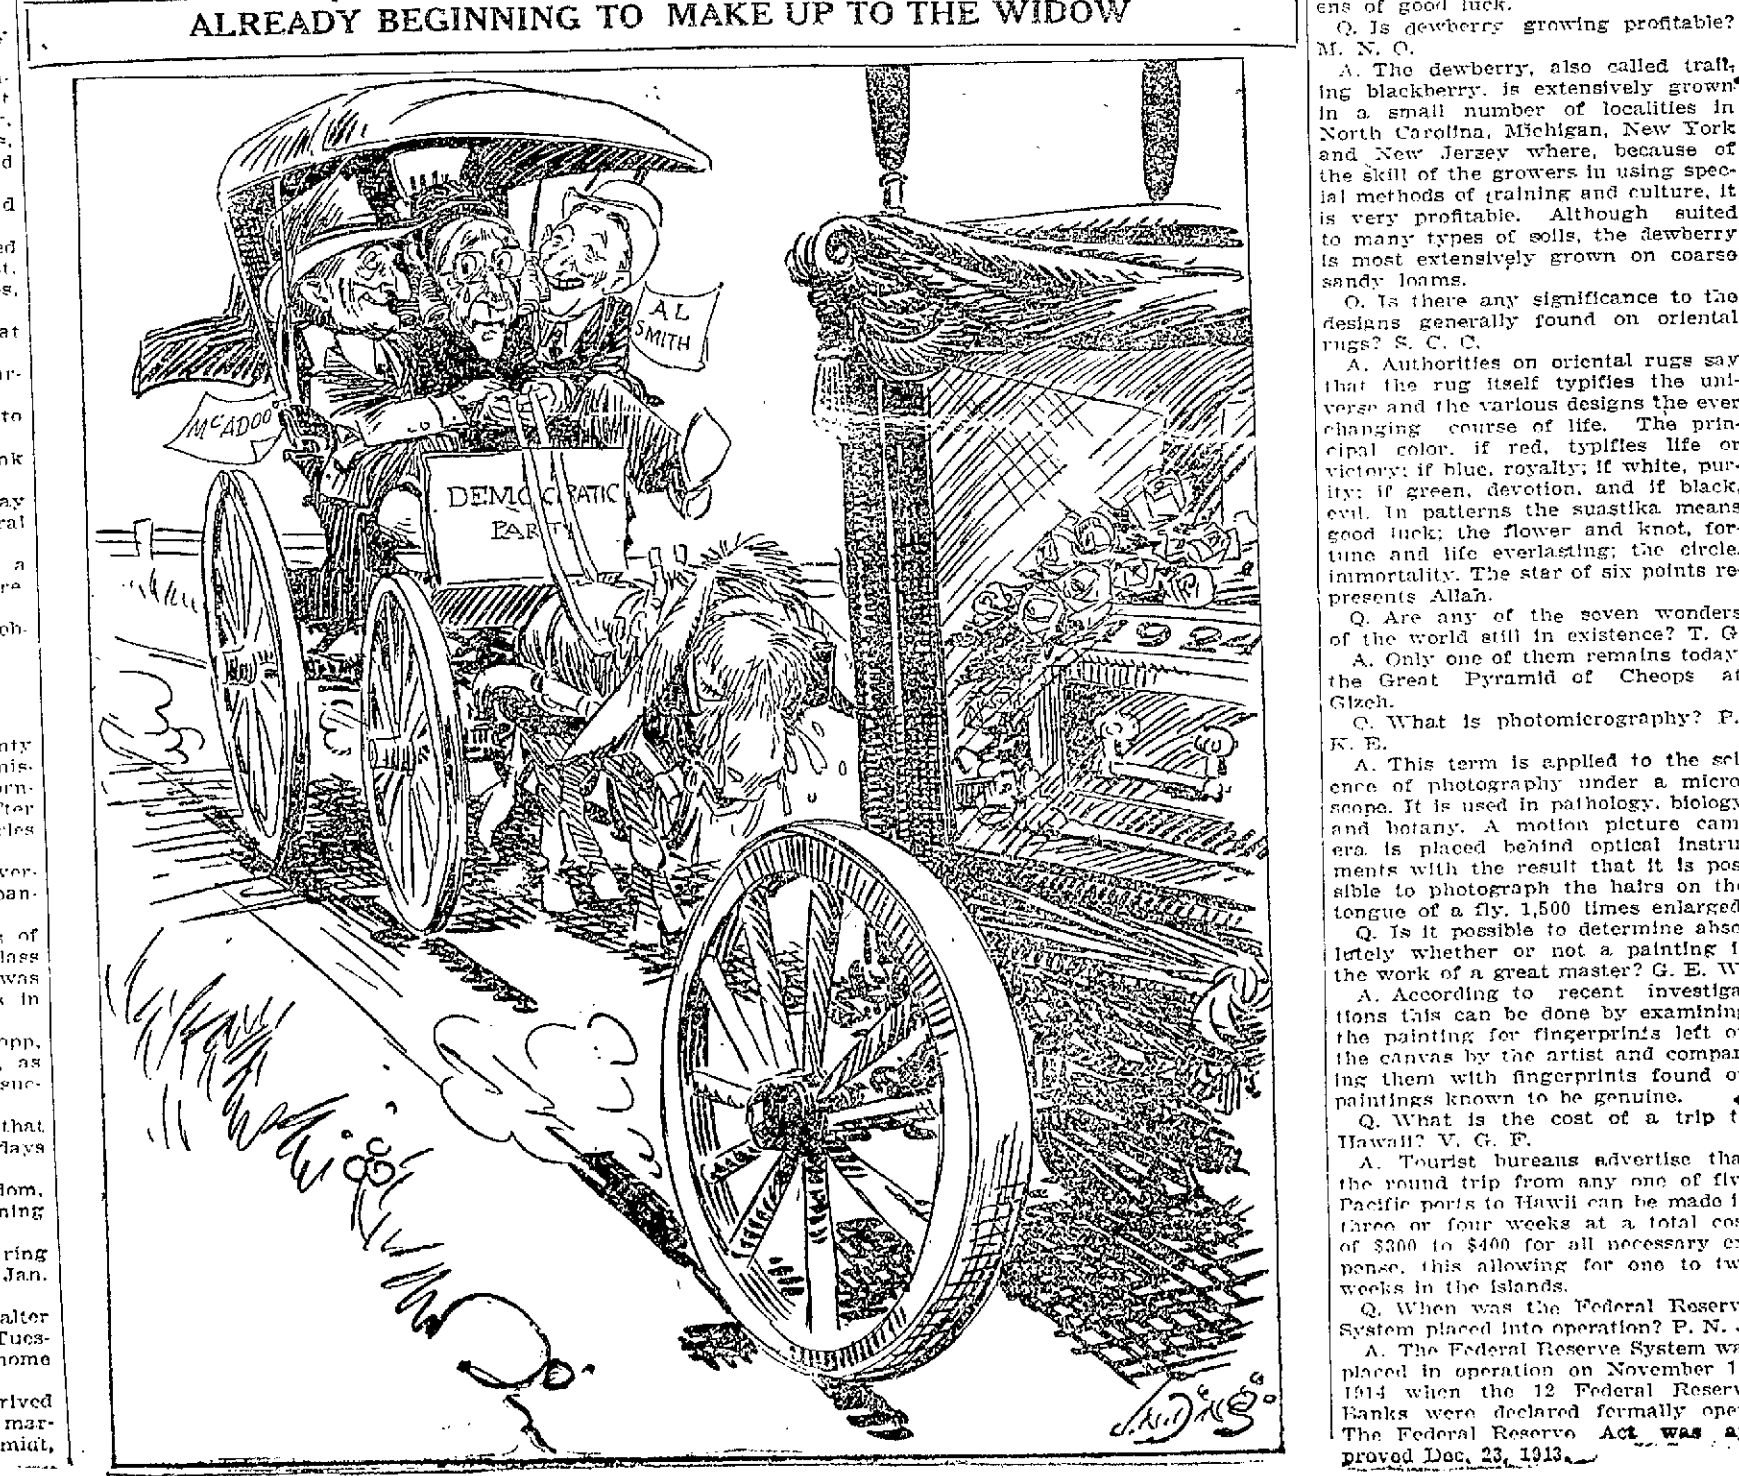

A. According to recent investigations this can be done by examining the painting for fingerprints left on the canvas by the artist and comparing them with fingerprints found on paintings known to be genuine.

Q. What is the cost of a trip to Hawaii? V. G. F.

A. Tourist bureaus advertise that the round trip from any one of five Pacific ports to Hawaii can be made in less than four weeks at a total cost of \$200 to \$400 for all necessary expenses, this allowing for one to two weeks in the islands.

Q. When was the Federal Reserve System placed into operation? P. N. J.

A. The Federal Reserve System was placed in operation on November 16, 1913, when the 12 Federal Reserve Banks were declared formally open. The Federal Reserve Act was approved Dec. 23, 1913.

## Womans Club Wants To Register Every Woman In Appleton As Member

One thousand, one hundred and ninety-one women and girls of Appleton have registered at Appleton Women's club, indicating the interest which the women of the city have taken in the organization of the club. These women do not pay to join the club, but volunteer whatever they can give or whatever service they may desire.

"To give the mechanics of Appleton Women's club to the women of Appleton and let them use it to the best advantage is the aim of registering every woman in Appleton," said Miss Lucy Helen Pearson, general director of the club Tuesday "for we want to find one another here rather than merely to become a part of a large organization. We want the women of the city all registered so that they can find each other, we want women and girls in industry registered at the club so that they may meet each other, we want professional women, home women, mothers and college girls registered so that they can get back of some project in united effort."

### ENCOURAGING MIXING

"It doesn't mean," Miss Pearson continued, "that we want the nurse to meet with nurses always, or employed girls to meet with employed girls always, although if that is their wish it may be carried out. We encourage them to mix, exchange views and join activities with women outside of their profession. This classification for the most part is merely technical, yet when we want women of one profession gathered, we can put our fingers on them."

This work is going on at the clubhouse now. The women registered some time ago, but the sorting and classifying is now being completed. Thus it is that if two or three women of one profession meet and ask one another how they can get in touch with other members of their profession in order to form a local association, the answer is the Appleton Women's club, for in a short time the women will be classified and it will be an easy matter to reach women of any profession.

Another object that the club has in view is the registering of clubs as corporate groups. If the women's organizations of the city do this, they have the privilege of using the clubhouse and the playhouse.

### NURSES HOLD MEETING

An illustration of the work that is carried on in the nurses organization. In a short time the graduate nurses of Appleton will meet at the clubhouse for a get-together. They are registered at the club, but they have their separate organization.

When the women registered they were asked to fill out a card giving their name, address, occupation, name of business firm, activity desired, what kind and how much service they would volunteer, whether they were married or single, living at home or boarding and what kind of experience or training they had had.

"When these women are classified with women of their own profession, it means that the strength of the women of the city is considerably increased," Miss Pearson said. "When the women of Appleton want to get back of some community project, such as charitable drives, campaigns for pure milk or some other activity, their strength is greater when organized according to what they do."

"But," Miss Pearson said, "we don't ask what their pedigree is, or what they are. We want to know who they are. Because they are registered with women who do the same things they do does not mean they can't enjoy other activities. The club offers the finest opportunity for fellowship in its clubs and classes. Stenographers and school teachers sit next to each other in basketry. If one can be of some particular benefit to another group, she is willing to offer her services regardless of whether it is women of her own group whom she is to serve."

"The registration plan allows the women to give such support to the club as they feel they can afford. The woman who gives \$5 is as welcome as the woman who gives \$300," Miss Pearson said, "and when they join the club, enjoy its activities and make use of the privileges it offers, then they give whole heartedly and because they really want to help."

### PARTIES

## EXPECT TO NAME STAFF OF ANNUAL

Faculty Uncertain as to Make  
Up of High School Publica-  
tion for This Season

Special to Post-Crescent.  
New London.—The high school annual staff has not yet been selected, due to the fact that the editor-in-chief, Miss Margaret Arnold, the business manager, Lloyd Jost, the senior class president, George Groher, and Supt. R. J. McMahon, who comprise the committee to choose the balance of the staff, have been unable to decide upon the form in which the Classmate, New London high school annual, will be issued this year. A meeting of the committee was held Monday evening, Nov. 17, in the school, but nothing definite was decided upon.

Another meeting will be held during the latter part of this week, and as soon as the annual's composition is decided, the balance of the staff will be chosen. The book is to be issued next May.

A new feature, which has never appeared in the Classmate before, is being considered for this year. In the form of an alumni directory, giving the names of all the old "grads" of the school, and their present location and occupation.

Plans are being rapidly completed for the starting of a weekly high school paper, for which the senior class voted unanimously about three weeks ago.

## TWO AT CATHOLIC WELFARE MEETING

New London.—Mrs. Robert Small and Mrs. Peter Schuh were sent as delegates from Most Precious Blood congregation, to the national Catholic welfare conference at Green Day, Monday, Nov. 17.

The conference opened at 9:30 with a solemn high mass at the Cathedral, the Rev. Bishop Rhode having presided. The Rev. P. O'Leary of Green Day, gave a splendid lecture on "Democracy." At 11:30 the delegates went to Allouez community house where 230 out-of-town women registered. Bishop Rhode then gave a brief speech of welcome and congratulation. He voiced his approval of a thorough organization of Catholic women stating how it would have a tendency to preserve the home, continue respect for authority, better our schools and destroy the dangerous literature of our day.

At 1:30 a lap lunch was served to 400 women and the conference closed with an interesting business luncheon conducted by the state organizer.

## Band Serenades Couple On 25th Anniversary

New London.—Mr. and Mrs. W. J. Sader were pleasantly surprised at 5:30 Sunday evening when a number of relatives and friends gathered at their home to help them celebrate their silver wedding anniversary. Supper was served at 6 o'clock after which the guests played cards.

About 8 o'clock the host and hostess experienced another complete surprise when the city band of which Mr. Sader is a member came to serenade them. The musicians were treated to ice cream, cake and cigars after which they gave a few more selections.

The guests were: Mr. and Mrs. E. J. Sader and daughters, Lily and Sylvia; Mr. and Mrs. Edwin Sader and two children, Mr. and Mrs. Arnold Sader and Miss Watson, all of Fremont; Mr. and Mrs. Robert Thelme and son Elmer, Mr. and Mrs. Otto Blank, Mr. and Mrs. Harvey Danke and son Lyle, Mrs. Peter Spengler, Mable and Emory Spengler, Ferdinand Sader, Redfield, Mr. and Mrs. Herbert Martin and two sons, Winneconne; Mr. and Mrs. Richard Blank and son Joseph, Hortonville; Mr. and Mrs. Julius Blank and son, Neenah; Mr. and Mrs. Anton Riedl, Mr. and Mrs. Matt Heinz, Mr. and Mrs. Claude Brown and family, William Hanchake, Sr., Mrs. Charles Hoyer, Joan Rudinger and Mr. and Mrs. Otto Zeichert, this city.

## CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how to cure your operation. If you write to me, Eugene M. Pullen, Carpenter, 3347, Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation. adv.

## Night Coughing— How to Stop It

Night coughing which, through loss of valuable sleep, often makes you feel utterly worn-out and useless during the day, and by quickly weakening the system, lays you open to the most dangerous infections, can now be promptly checked by a very simple treatment. People who have hardly been able to rest on account of coughing spells have found that they can sleep the whole night through undisturbed often after the very first trial. The treatment is based on a remarkable prescription known as Dr. King's New Discovery. You simply take a teaspoonful at night, before retiring, and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals the soreness and irritation, but it quickly loosens and removes the phlegm and congestion which is the real cause of the cough. The result is you usually sleep as soundly as a babe the very first night, and the cough goes in a very short time. The prescription contains no opiates or harmful drugs. Excellent for children as well as grown-ups. For coughs, chest colds, hoarseness, sore throat, spasmodic croup, bronchitis, laryngitis and bronchial asthma. At all good druggists. Ask for

## MENASHA PEOPLE HURT WHEN THEIR CAR TIPS OVER

Mrs. Anna Fahrbach and Grandchildren Taken to Hospital

Menasha—Mrs. Anna Fahrbach fractured her arm in two places, her granddaughter Joan Fahrbach had her face burned with acid from a storage battery, and her granddaughter Joan was pinned beneath the top when a coupe tipped over at Forest Junction Wednesday after skidding on the highway. Mrs. E. J. Fahrbach, mother of the children, was in the coupe when it went over, but escaped injury.

The party was returning from a 2-day visit with friends at Reedsville. Joan, 15 months, was the only member of the party planned beneath the wreckage, and farmers who came to the rescue had to break the chassis to extricate her. A portion of the frame was across her leg but only slightly bruised it. Members of the party were taken to a farm home, where they remained until the arrival of Mr. Fahrbach and a physician. The injured people were taken to Menasha hospital, and the damaged car to a garage.

## SEE APPLETON INTEREST IN PLAYGROUND PROJECT

Menasha—That Appleton is interested in municipal playgrounds and recreation for children and is planning to take some action along this line was evidenced by a representative of that city calling on J. E. Rogers of the Recreation and Playground association of America before his return to Chicago. He held a lengthy interview with him.

## ELKS RAISE MONEY TO TAKE CARE OF NEEDY

Menasha—At the meeting of the Elks Wednesday evening a campaign for the sale of blankets was started which will continue until Dec. 12. The proceeds will be used for the charity fund and it is proposed to raise between three and four thousand dollars.

District Deputy Arnold of Milwaukee gave a talk during the business session which was followed by a lunch. There was a large attendance.

## HOMER IS "IN SOLID" WITH HIS CLASSMATES

Menasha—Homer Gardella Hough, son of Mr. and Mrs. H. O. Hough, 411 Broad-st., treated the pupils of the First grade of the Fifth ward school building to ice cream cones and cake Tuesday in honor of the seventh anniversary of his birth. Mrs. Hough did the serving of the cones to the pupils as they came forward after their names were read by the teacher, Miss Daniels.

## PICK UP RIVER BOUYS AS BOAT SEASON ENDS

Menasha—The government boat Fox passed through the city on its way down the river Wednesday morning picking up the bouys, an untimely indication that the closing of navigation is close at hand. So far no official date for closing has been received by local lock and bridgetenders.

## DRIVER, FOLLOWING TRUCK, LITTLE SLOW IN STOPPING

Menasha—Driving close to a truck loaded with lumber, an unidentified driver damaged the front end of his automobile Wednesday when the truck stopped unexpectedly for a train near Tayco-st bridge. The automobile ran into the projecting pieces of lumber before it could be stopped.

## CHILDREN'S BOOK WEEK STIMULATED BOOK READING

Menasha—Children's book week at Menasha library last week was a great success, judging from the call for books. The new books exhibited were inspected by hundreds of children. Monday was the first day they were drawn and 130 were called for by the little folk. This increased the total number of books drawn that day to 413, the second highest number in the history of the library. The highest record, 566, was made last summer.

## WON'T FORGET KIDS AT CHRISTMAS TIME

Neenah—Children of Neenah are to be well cared for at Christmas time in this city if the plans of the churches and lodges materialize. With Christmas only a month away, committees which have been appointed by these lodges and churches are holding weekly meetings to complete arrangements to give the kiddies their annual treat. The Eagle lodge has a plan whereby each member donates 50 cents for the big celebration for the children of members at the armory. The Knights of Pythias entertain in a similar manner, as do the Elks. The churches are busy arranging their programs, some to have cantatas and a tree, while others will give bags of candy and fruit.

## NEENAH HUNTER BRINGS DOWN 30-POUND GOOSE

Neenah—The prize hunting medal will have to go to Emil Kuehl of this city, who has been a hunter on lake Poygan during practically the entire duck hunting season without any luck. Wednesday afternoon he was rewarded when a flock of wild geese circled over his skill and after the cloud of smoke had cleared away, he found a 30-pound goose on the lake. This is the largest goose shot in this vicinity this season.

## SULPHUR IS BEST TO CLEAR SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho Sulphur heals eczema right up, leaving the skin clear and smooth.

It seldom fails to relieve the torment of disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

## THE BLOODLESS REVOLUTION

Men, the soft shirt is not only here—it seems to be here to stay. It's correct for business, and for society too right up to the moment when the dinner coat can no longer be escaped. The loose, easy fitting suit is here too, and shows no signs of being dislodged.

This is our idea of a bloodless revolution. We have made comfort a part of being well dressed. It's a radical idea, a big idea, it's as important as the tariff and twice as easy to understand.

Let us show you how this idea is carried out in Society Brand Clothes. There's nothing to choose between their comfort and their looks.

## DEFER ACTION ON SALARY INCREASE UNTIL FEBRUARY

Proposal to Raise Judge's Pay  
Arouses Discussion in  
Board

An increase in the county judge's salary, as proposed by Supervisors Charles Schultz and Anton Jansen of the salary committee, was deferred by the county board of supervisors Wednesday morning until the February session.

The salary committee recommended the payment of \$1,500 a year as remuneration for the judge's services in the capacity as juvenile judge for which he has been receiving no compensation. The additional salary was to take effect from about the time of Judge Fred V. Heinemann's appointment last spring.

The chief objection raised by several members of the board was not toward the amount suggested, for the judge has been drawing only \$2,500 a year, which is the salary the late Judge John Bottensek received before his alleged illegal increase to \$4,000. Supervisors William Beck or Seymour and A. M. McClone, of Deer Creek, were of the opinion that the proposed increase was discriminating and unfair in view of the fact that the board had already authorized the filing of a claim of \$5,000 against the Bottensek estate.

**WANTS SQUARE DEAL**  
"I am not opposed to granting the county judge the increase in salary," said Supervisor Beck. "But to pass this resolution will make the county board look ridiculous in view of the Bottensek investigation. It is not square to give one a raise and then turn right around and refuse the other."

Supervisor McClone held out against the resolution as long as the county board had taken action to recover money illegally paid to Judge Bottensek. He considered the one as worthy as the other of back salary, if such was to be paid. "Allowing this increase is the same as the Bottensek affair except that it comes under a different head," he said. "I don't think it is fair to the estate or to the Judge Bottensek himself."

The difference in the increase, as Supervisor John Tracy of Appleton, said it, was this: Judge Bottensek's increase was illegal, while the granting of salary to Judge Heinemann for services as juvenile judge is within the bounds of the law. It was Tracy that suggested postponing action until the February meeting.

Supervisor Anton Jansen, however, would have the resolution laid over only one day.

"I would suggest that anyone investigate whether Judge Bottensek did all this juvenile work and whether he

## Trio Slays Fox, Wolf, Three Deer

Wild game haunts around Boulder Junction are minus a red fox, a wolf and three deer which were the prey of three Appleton hunters, August Jahneke, Michael Wagner and Vincent Forster, who returned Wednesday.

Using Indian guides, the trio worked its way well into the woods between the state game reserve and the Michigan border. The fox was seen by Wagner, who shot and killed the animal. Forster encountered the wolf and succeeded in slaying it. Each man also obtained a deer. The one shot by Jahneke weighed about 250 pounds and the others averaged about 140 pounds.

The hunters brought back the fox and the deer with them, and displayed them downtown but took the wolf to the clerk of Vilas-co to collect a bounty for slaying it. Wagner intends to have a fur place made for his wife from the fox pelt.

One of the largest deer killed this season was on display at Woodport, according to Forster. It weighed 330 pounds dressed. Forster also is in possession of a new pet dog, a Scotch wolf hound which he obtained from the Indians. It is a canine of exceptional size.

A new invention is a ditch-digging steam shovel that backs away from its work and therefore always stands on firm ground and eliminates the danger of caving ditch banks by straddling them.

did not receive salary for work he did not do," he said.

**CUT ONE, RAISE ANOTHER**  
The salary proposal aroused the ire of Supervisor P. H. Ryan. "I believe we should pay every man what he earns," he said. "But it is not very consistent to slash the salary of the poor, hardworking janitor and then grant the judge an increase of \$1,500 without batting an eye. Now I believe we should all be straight shooters. You know I belong to the Schuetzen Verein myself. But if you grant this increase and the matter of the janitor's salary comes up again next spring, I shall want you to remember what happened here at this session."

The courthouse janitor is at present receiving \$1,800 a year from which he had been expected to pay for the services of charwomen. The salary committee brought in a recommendation cutting the janitor's salary \$400 and paying the scrubwomen extra. The recommendation was tabled until the spring session when janitor's term expires. Chairman Schultz of the salary committee replied to Supervisor Ryan that the proposed cut of the janitor's wages was in reality an increase, since he would no longer be required to hire scrubwomen.

## 30 PRISONERS ON COUNTY ROCK PILE

More Than Half of Men Sentenced to Workhouse Were Drunks, Wagner Says

Thirty prisoners have served sentences at the county workhouse during the past year for a total of 825 days, according to the report of John Wagner, workhouse superintendent, for the year ended Nov. 1, read to the county board of supervisors.

Of the 30 prisoners, 17 served sentence for drunkenness, two each for issuing worthless checks, assault and battery, driving an automobile while intoxicated, taking a car without con-

sent of the owner, and selling moonshine, and one each for obtaining money under false pretenses, petit larceny and manufacturing moonshine.

A total of 2,475 meals was served during the year by the superintendent. At the present time there are four inmates, one serving 30 days, one 40 days, one 60 days and one 10 days. The workhouse has on hand about eight yards of crushed stone produced by the prisoners. Last year a total of 60 cubic yards were sold to the town of Menasha, at \$1 a yard, and 7½ yards were sold to a Mr. Sturm in Menasha at the same price.

## CHANGE M'CARTHY CROSSING THIS YEAR

Work has not progressed far on the relocation of McCarthy's crossing, but is expected to be completed before the first of the year. An announcement has been made by the state highway commission that a settlement has been agreed upon by the Chicago and Northwestern Railway company and the Wisconsin Public Service company which each will bear in the project.

Relocation of the grade crossing was resorted to after the temporary abandonment of the plan to erect a viaduct over the two railway tracks. It will be located about 20 or 300 feet south of the present crossing. The

new crossing will not straighten the curve to any great extent, according to A. G. Brusewitz, county highway commissioner, but will give the automobilist a better view of approaching railroad cars.

**HARESFOT WILL PLAY  
BURLESQUE OF SCOTT**

"Ivan-Ho," written by Porter F. Butts, was selected out of 12 synopses by the Haresfoot club of the University of Wisconsin for its annual production next spring. It was announced last two years and it is probable that Appleton people will have an opportunity to see "Ivan-Ho."

The play is a burlesque on Scott's novel and is the same type of story as "A Connecticut Yankee in King Arthur's Court."

## RIPARIAN COMMITTEE WILL WAIT ON CONGRESS

Following a conference of riparian representatives with Congressmen George J. Schneider of Appleton and Florian Lampert of Oshkosh at the latter city last week, it was decided to send a committee to Washington to attend a hearing to be called by the congressional committee on claims and present the case of riparians whose lands have been damaged by floods in the Fox and Wolf River valleys.

The Association for Relief from high water is pressing a bill to authorize the court of claims to permit riparian owners to start an action for damages because of flood waters. The matter is now before the committee on claims and a hearing will be held by that committee before it reports in the house. The expenses of the delegates to this hearing will be about

## TRUSTEES CONSIDER PLANTZ' SUCCESSOR

At a meeting of the executive committee of the board of trustees of Lawrence college Tuesday night, tentative recommendations for the appointment of a president to succeed Dr. Plantz were made. These recommendations will be placed before a meeting of the board on Tuesday, Nov. 25. Until that time Dean Wilson S. Naylor will transact the business of the president's office.

**HERE** is an instrument unique in the annals of musical art. An instrument immeasurably in a field of its own, educationally, musically and as a never ending source of home entertainment.

Multiply whatever previous ideas you may have had of the miracle of radio; and yet — you will be amazed when you hear it. Multiply your previous ideals of the ultimate in a musical instrument, and still you will fail in rendering it justice.

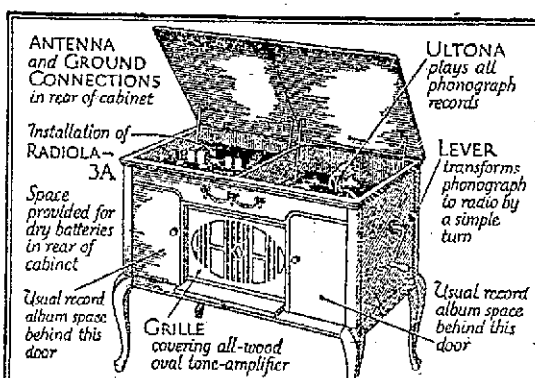

The Brunswick Method of Reproduction, which in recent years has attracted virtually every famous artist of the New Hall of Fame to the Brunswick Phonograph, has been subsidized to do for radio that which it did for phonographic music. The result is a musical revelation.

### The Brunswick Radiola — what it is

The Brunswick Radiola marks the joint achievement of the leader in musical reproduction with the leader in radio. A scientific combination, developed by the Brunswick laboratories in connection with the Radio Corporation of America, which embodies the best that men know in music and in radio.

It is in nowise a makeshift (simply a radio receiver set in a phonograph), but a perfected, tested and proved combination. An instrument you can buy with the same positive and absolute assurance of lasting satisfaction throughout the years to come, as a regular Brunswick phonograph.

At the turn of a lever, you have radio's greatest thrill, the amazing Radiola Super-Heterodyne or Radiola Regenoflex to bring the mysteries of the air into your

— some remarkable features:

- 1 Four-tube receiver set. Last two tubes connected for balanced audio amplification. This eliminates distortion.
- 2 Special double-purpose tone amplifier, added to the Brunswick oval wood horn, gives to the Brunswick Radiola a decidedly superior tone quality. Batteries and radio enclosed in cabinet. (See technical diagram above.)
- 3 This instrument gives remarkable receiving results and you have an outstanding radio set and phonograph at an unusually attractive price.

The phonograph part offers you the world-accepted Brunswick Method of Reproduction, which brought phonographic music into the realms of higher musical art. The radio part embodies the current achievements of the Radio Corporation of America's famous Radiola receiving sets, plus the emphasis of the Brunswick Method of Reproduction. A combination resulting in a clarity, beauty and tonal quality equaled only by the remarkable versatility of this amazing instrument.

# ONE FIRST CLASS CROWN FOR SALE

By Associated Press  
London—The market for coronets is not what it used to be in England. Reposing in a Mayfair antiquary's shop is a perfectly good one waiting to be restored to its rightful owner, or go under the hammer to the highest bidder, although neither seems likely to appear.

This particular piece of all but obsolete headgear has had a strange history and has been sold and resold by a series of people, many of whom didn't even know that it was a coronet. Its present owner had it from a man who offered it for sale as a "potato ring," a product of the old Irish goldsmiths of the seventeenth century and earlier.

But when it was polished up it was found to be a sample of the work of Paul Storr, the greatest London goldsmith of the last century, and the hall mark shows that it undoubtedly was made for the coronation of King George IV.

At the coronation of the late King Edward fully two-thirds of the peers present were without coronets. The war also intervened, bringing greater democracy in the manners and exercise of their prerogatives by peers.

The late Lord Aylesbury, of "Pellican Club" memories, once confessed that one of his first acts when he came into the family possessions was to pawn the ancestral coronet, and he never took the trouble to redeem it. "What on earth do I want with a coronet?" he used to ask.

# JAPAN SCHOOLS PLAN TO TEACH ARMS TRADE

By Associated Press  
Tokyo—Military instruction in middle schools, higher schools and universities in Japan, along the lines of the Reserve Officers' Training Corps in American colleges, will be instituted shortly, according to plans of the War Office.

Officers of the regular army on active service will be attached to each middle school and higher school in the country. Since the army is planning a reorganization that will decrease its units by four divisions, about 2,000 officers will be released from duty with troops for this service.

Military drill is already part of the curriculum of Japanese schools, from grammar grades up, but theoretical instruction is not given, and in the higher grades the training is not compulsory. The new system would make the training compulsory for three hours a week.

By Associated Press  
Dragalevtsi, Bulgaria—The old monastery in this village on the slope of Mount Vitosha, near Sofia, was the gathering place recently of many thousands of gypsies. They arrived on horseback, on donkeyback or on foot. During the night their bivouac fires twinkled all over the mountain side.

From many towns and villages in the Sofia district they arrived to celebrate the feast day of St. Mary the Virgin, which the gypsies observe more ardently than the Christians, despite the fact that the day marks an event in a religion they do not profess.

By nightfall the enclosure of the old monastery began to fill with men and women of dark complexion and great vivacity. The women were picturesque in their baggy trousers of bright-colored calico. Having cooked their stews, they seated themselves around the steaming pots, each person dipping up the food with a wooden spoon.

Many a horse deal, it is suspected was closed while traders broke the black loaves of bread together. The feasting and talking went on all night, till the fires began to be blotted out and the dawn appeared over the Sofia plain.

It was then that the main event of the gathering took place. The gypsies started the dance as the sun was peeping over the distant mountains, men and women holding hands and dancing in long lines while the violins worked industriously in minor keys.

The closing ceremony had to do with bread. The patriarch of the tribe held a black loaf before him and asked the men, "Can you see me?" "The loaf is so large we can hardly see you," was the reply in unison from men and women.

"Here's hoping that next year the loaf will be so large that you will not be able to see me at all," was the patriarch's benediction.

# U. S. LINE VESSEL REPORTS FINDING RAIDED RUM SHIP

By Associated Press  
New York—The liner President Harding reported to the office of the United States line here Thursday that Wednesday evening she rendered assistance to the British schooner, Veronica, which had been left in a helpless condition 100 miles off Cape Sable after a raid by liquor pirates.

# COOLIDGE WILL CALL NEW ARMS PARLEY, IS REPORT

By Associated Press  
Geneva—The latest rumor circulating in Geneva on the disarmament question is that President Coolidge will convolve a new arms conference to meet in Europe perhaps at the Hague. Those circulating this rumor insist that the Washington government already has sounded the new British government on the subject.

# Comb Valley For Runaway Youth Of 9

Ronald Barrett, 9-year-old son of Mr. and Mrs. George Barrett, 1080 Eighteenth, has run away again. With the police of a half dozen cities looking for him, the youngster thus far has escaped capture and his parents are becoming thoroughly alarmed. This is the third time the youngster ran away from home. During the summer he disappeared and after a long search he was picked up by the police in Oshkosh. Police in Appleton, Neenah, Menasha, Kaukauna, Oshkosh, Green Bay, and Fond du Lac have been asked to look for the boy.

According to information from the boy's grandparents, Ronald did not come home from school Wednesday afternoon. He had been scolded before he left in the morning and was told he would have to go to bed when he got home in the afternoon. He wore a greenish coat and light cap when he left school.

# FLAPPERS KEEN TO JOIN POLICE

English Women Rush to Scotland Yard to Enlist with Force

By Associated Press  
London—English women, aroused by a desire to enlarge the long restricted horizon of their activities, are rushing pell-mell to Scotland Yard these days in an endeavor to enlist in the Metropolitan Police Force at the very fountain head of police administration in England.

Their endeavors are a little premature. Nevertheless, they are greatly encouraged by a committee report recommending increase in the number of women "bobbies," at present very small. But parliament must enact the necessary legislation to provide for the salaries of the police women before actual recruiting can commence.

All this to the contrary ambitious women, not content with merely writing to Scotland Yard, besiege the entrance of the big round-towered building off Whitehall in an attempt to press in person their claims to permanent membership of the police force. All sorts of women, are among the besiegers, old, young, middle-aged, girls with bobbed hair and other gay young friskers are strangely mixed up with grave plodders, all anxious to serve as guardians of John Bull's peace.

# POLICE HOLD MERCHANT FOR SLAYING PARTNER

Milwaukee—Savio De Beneditto is held by the police in connection with the death of his business partner, Domenico Castarello, who died late Wednesday night of gunshot wounds inflicted, according to the police, by De Beneditto during an altercation over finances.

De Beneditto, according to the police, said he went to Castarello to adjust differences. The next thing that occurred, the police say, was the firing of five shots by De Beneditto, all of which took effect in Castarello's body.

# PIECE OF HISTORIC ELM IS GIVEN TO FILIPINOS

By Associated Press  
Manila—A section of the old elm tree in Cambridge, Mass., under which General George Washington took command of the American army on July 3, 1775, has been donated to the Filipino people by the board of park commissioners of that city, and will be preserved in the Philippine Library and Museum.

A letter from the governor general's office transmitting the gift to the library says: "Attached hereto is a piece of wood donated to the people of the Philippine Islands by the board of Park Commissioners of Cambridge, Mass., which is a part of the tree under which General Washington first took command of the American army July 3, 1775. The governor general directs that this piece of wood be enclosed in a glass case and given the position of prominence to which it is entitled by reason of its historic association."

# RHEUMATISM LEAVES YOU FOREVER

So Says James H. Allen, Who Drove Out Rheumatic Poisons After Being Grippled for Years.

Mr. James H. Allen, of 26 Forbes-st., Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of useless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

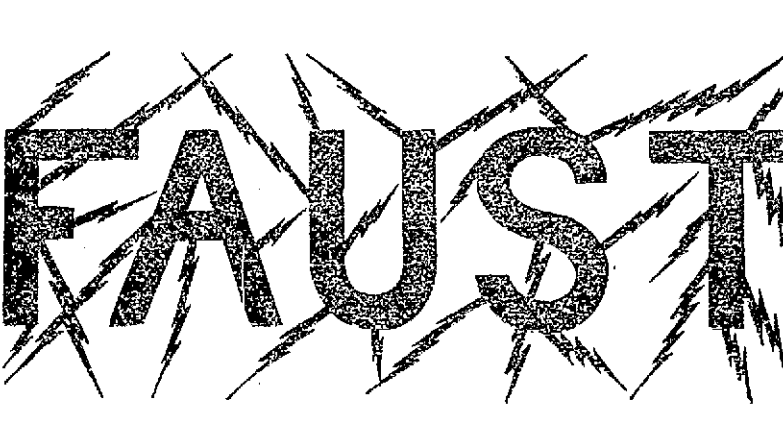

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allen's, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers.

"The blessed relief this marvelous prescription quickly gives has made for it thousands of friends," says Volgi's Drug Store and Schmitz Bros. Co., who have been appointed agent in your city. It is Mr. Allen's own discovery.

## MAYOR WILL OPEN CITY CONTEST AT MEETING TONIGHT

Better Cities Competition to Be Explained at Vocational School

Large attendance of Appleton people is desired by Mayor John Goodland at the opening session of the 3 days conference of workers in the better cities contest at 7:30 Thursday evening in the auditorium at the vocational school. All of the 125 workers are expected to be on hand as well as many others who are interested in helping this city win the prize of \$1,000 offered by Wisconsin Conference of Social Work.

Those who have been wondering just what the contest is will have a chance to learn all about it at this meeting through the address of Aubrey Williams of Madison executive secretary of the state social conference. Mr. Williams is a good speaker with wide experience in the work he is conducting. He will give a general explanation of the contest requirements at the work that is before the people of Appleton. He also will answer any questions that may be asked.

Meals are being arranged for each of the public meetings Thursday evening, Friday and Saturday. The address by Mr. Williams will be followed by Prof. L. A. Boettger's report on social welfare work here as chairman of that department, and by a "pen" talk by Dr. D. O. Kinsman of Appleton and the Better Cities Contest.

Friday's sessions open with luncheons at 12 o'clock. The city planning committee of the contest under Prof. O. P. Fairfield, chairman, convenes at Conway hotel to hear an address by Leonard S. Smith of Madison who made Appleton's city plan. The other luncheon at Hotel Appleton will be for the health committee headed by Miss Mary Orblison and the speaker will be Dr. C. A. Harper, secretary of

## FOUR BOYS ELECTED AS HI-Y CLUB MEMBERS

Miller Babcock, Donald Babcock, Robert Wolf and William Shannon were elected to membership in the Hi-Y club at the meeting Wednesday evening at the Y. M. C. A. Information about the state Older Boys' Conference was read and the committee in charge of the banquet for the high school football team made its report. It was decided to hold the banquet at 6 o'clock Wednesday evening, Dec. 3, so members of the cast of "A Nautical Knot" can be present.

A finance committee was appointed to see about raising additional funds for the club treasury, consisting of Robert Packard, chairman, Charles Scott, George Vanderhulden and Julian Bender. A committee to consider the advisability of putting out a high school booklet containing facts about credits, athletics, etc., was appointed. It consists of Charles Scott, chairman, Clifford Barrett and Edward Blessman.

A clipping bureau has sent to London a book containing 61,120 newspaper clippings on the activities of the Prince of Wales during his visit to Long Island.

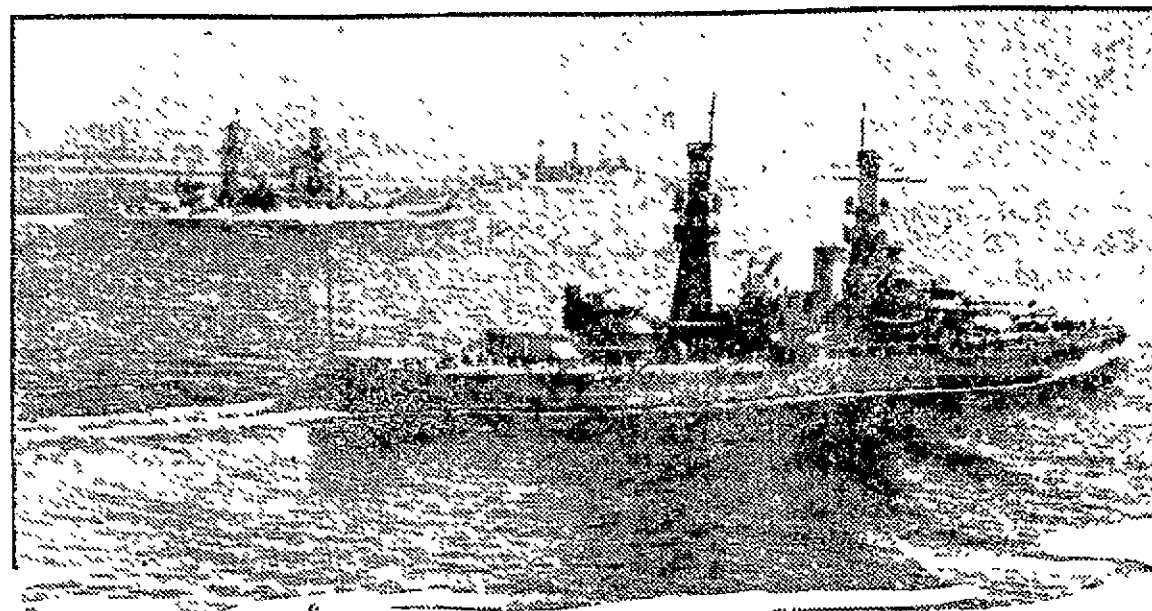

The state board of health. The public is invited to these luncheons.

The library committee, headed by Miss Florence C. Day, will hear an address at 2 o'clock by C. E. Lester of Madison. A dinner is planned for 1 o'clock at Conway hotel for the industrial committee, with Seymour Griesmer presiding. George P. Hammecht of Madison will speak.

Another general session opens at 7:15 at the vocational school with Louis Bonini presiding. Dr. O. Keicher will present his report as chairman of the recreation committee and Dr. J. C. Elson, Madison, will speak on Recreation. The religious committee's activities will be taken up at 8:15, when T. H. Ryan will preside and Father M. F. McEvoy, Milwaukee will speak. The Rev. J. L. Menzner, chairman of the committee, will present a report.

Saturday's sessions will be an educational conference at 9:30 at the vocational schools and a luncheon at noon for the town and rural relations committee.

## FOUR DAYS IN JAIL FOR DRINKING TOO MUCH

Billy Sentz, 55, a Milwaukee traveling salesman, called off all business engagements on Wednesday and took the day off. By noon he was in no shape to conduct any business and submitted quite willingly when Patrolman Joseph Rankin escorted him to the police station. He has four more days to rest up in the county jail. That is what the charge of drunkenness preferred against him drew from Judge A. M. Spencer in municipal court Thursday morning.

## PUPILS FORM POOLS TO BID AT AUCTION

Posters and Tags Advertise Annual Sale by High School Seniors

Tags bearing the slogan, Jig with the Pig to the Senior Auction, will be sold from a "pen" to Appleton high school students on Monday morning. The tags are illustrated with little white pigs. Posters featuring the same white pig and imploring students to Jig with the Little Pig to the Senior Auction have been placed about the building.

The Senior Auction, which is the method the senior class takes to help the needy at Thanksgiving, will be held on Nov. 26.

The students will be divided into pools and will bid on articles and food in this manner. Several groups already have placed their posters about the building advertising their pools. It is expected that all pool posters will be up by Monday.

# U. S. PREPARES TO TAKE FARM CENSUS

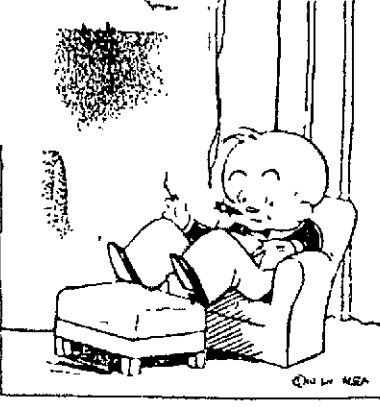

Mail Carriers Will Deliver Census Blanks to Farm Homes

Rural mail carriers will be distributing sample copies of a census blank to farmers within the next week prior to an agricultural census to be taken by the United States Census, on March 3, 1925, directed that a census of this kind be taken in 1924. Enumerators will be employed. Carriers will deliver the sample copies so farmers may familiarize themselves with the questions that are to be asked.

The blanks contain questions concerning farm operators, farm tenure, average, crop land, pasture land, farm values, farm buildings, etc., and are being distributed in 1924, farm facilities, population, crops harvested in 1924, small grains, annual legumes, miscellaneous crops, vegetables grown in 1924 for sale, other crops, fruits and nuts, forests and forest products, livestock and live stock products, beef cattle, dairy cattle, dairy products, sheep, pigs and young, young chickens, etc., and on farm, domestic animals slaughtered on farm, poultry and poultry products.

All information is to be treated confidentially and is not to be used as a basis of taxation or to be communicated to any assessor. The farmers are expected to keep the blanks until the farm enumerator calls for them. They are not to be mailed.

# LITTLE JOE THE FELLOW WHO IS WILLING TO STAY PUT SELDOM GETS ANYWHERE

Phillibin's newest Universal-Jewel starring vehicle, is a threefold task. In the first place, it is by far the most pretentious story the "Merry-Go-Round Girl" has ever been seen in. Secondly, the cast surrounding her is one of the most remarkable with which might well be given over to the remarkable reproductions of London's famous Gaiety Theatre, the Blitz, the ancient Castle of Pencair, home of former kings, and other spectacular scenes in which the story, adapted from T. A. R. Wylie's famous novel, "The Inheritors," is told.

Mary Phillibin is seen for the first time in one of her big productions in modern garb in the new picture, directed by King Paggot, which is now playing at the Elgie Theatre. She enacts an aristocratic English girl who is forced on the stage by poverty. Through the life of the thimble butterflies of the Gaiety, where noblemen act as "back-door Johnnies," into a marriage brought about by trickery and lies, and through a minefield of conflicting human motives and emotions her path is beset by grief.

The cast is splendidly convincing. Joseph J. Dowling, as the stern old grandfather, and William Haines, who plays her lover, are more than acceptable in their roles. Grace Darmond is scintillating as a butterfly show girl, and Freeman S. Wood is convincing as the dissolute millionaire's son.

# HOLD HEARINGS IN 16 DAMAGE CLAIMS

Industrial Commission Will Hold Three Day Session in Appleton

An examiner of the state industrial commission will be in Appleton on Monday, Tuesday and Wednesday, Nov. 24 to 26, to conduct hearings on claims under the workmen's compensation act. The hearings will be held in the courthouse as usual, and the calendar contains 16 cases. They are:

For Monday: Mike Murphy vs. Northern Roller and Structural Iron Works; Willard VanderWelden vs. Thilmany Pulp and Paper company; Raymond Weyenberg vs. Herman Wolff; August Zanzig vs. Graef Manufacturing company; W. A. Belgie vs. W. W. Oeffel, Inc.; O. C. Little vs. Onward Manufacturing company. For Tuesday: Otto W. Schmidt vs. Hayes and Langdon; Albert Schwartzkopf vs. Schoenrock & Sons; Edwin Blank vs. Blake Paving & Construction company; William Rads vs. Born and company; Joseph Jusko vs. Kimberly-Clark company; August Gruenwald vs. George Banta Publishing Co. For Wednesday: Hadley Gerry vs. John Croll; Emil Glass vs. Julius Waite; Richard vs. Frank Mach; Walter Nenon vs. Minneapolis, St. Paul and Sault Ste. Marie Railway company.

# SEVEN MILES OF PAVING ON BROWN-CO PROGRAM

Brown-co's 1925 paving program exceeds that of Outagamie-co by two miles. While the latter has about five miles of concrete pavement to construct, the northern county has seven miles on its program. Of Outagamie-co's five projects, four are in Appleton, Kaukauna, Seymour and Black Creek, the only rural project being in Deer Creek and Maple Creek.

The Brown-co program is small compared with that of the five last years in which the average was 23 miles a year. Among the projects are two miles on highway 96, between the end of the present pavement and Lark; two miles on highway 57 to the southern county line, 1 1/2 miles on highway 16 in the northwestern part of the county. It is believed that next year's paving will be the last in that county for some years.

# SHOE COMPANY OFFERS PRIZES TO AD WRITERS

In order to promote practical advertising experience, W. J. Booth of the G. R. Kinney Shoe Co. is offering three prizes for the best advertisements written for his store in Prof. C. L. Dyson's class in advertising at Lawrence college. Students of Lawrence are to be the judges.

The nine "ads" entered by the class are to be printed on one page of the Lawrencean of Nov. 27, and each student will select the most appealing ad and place it in a ballot box. The winner will receive \$10; second, a pair of shoes; third, a pair of stockings.

# EPWORTH LEAGUES HOLD RALLY HERE

A rally of Epworth Leagues of the Methodist Episcopal churches of the Appleton sub-district will be held Sunday afternoon and evening in the Appleton church, opening with a fire-side fellowship hour at 4 o'clock. This will be followed by a supper at 5:45. Devotionals in the evening will conclude the program.

This is the first of the winter's fire-side fellowship hours, when the young people of the parish gather around the grate fire in one of the parish rooms. These are to be held on Sunday afternoons this winter. The project was started last year.

Miss Doris Blake is chairman of the supper committee for the rally. Miss Dorothy Wolfe is to have charge of devotionals and Donald James is chairman of the program committee. The program committee meets on Wednesday night at the parsonage with Miss Esther Miller, president of the sub-district.

The local society has invited societies from Neenah, Menasha, Kaukauna and New London to be present.

Cancel Class Dance  
The sophomore class dance, scheduled for the night of Nov. 21, has been cancelled in accordance with a

movement on the campus to cancel all dances and parties until after the Christmas holidays because of the death of Dr. Phant. It is probable that other organizations will follow suit.

GRA CAREW IN MUSICAL MELODRAMA OF ADVENTURE AND THRILLS

"3 Days To Live," with Ora Carew in the leading role, supported by Jay Stanley, is coming to the New Bijou theatre Friday and Saturday.

This photoplay, which was written and directed by Tom Gibson for Gerson Pictures, has as its central theme a tale of thrills and romance. It has been graphically told on the screen and was produced with the lavish investment evident in the recent successes of the Gerson Pictures corporation. "Waterfront Wolves" and "Paying the Limit," in both of which Ora Carew was the featured player.

"3 Days To Live" is an unusual story, dealing with a weird, sinister plan of vengeance of an Evil Spirit out of the East who is bent upon wrecking the lives of three men whom he believes wronged him beyond all forgiveness. This seeker for vengeance takes an uncanny method in warning his victims that he is about to strike. With the first warning comes the knowledge that the one warned has but three days to live. On the second day and on the third day come similar messages. But this Evil Spirit reckons without other forces which are thrown into this strange strife. The daughter of one of the victims and her lover are drawn helplessly into the vortex of the plot and then the action of the play rushes along its swift-moving course.

# How to Make Pine Cough Syrup at Home

Has no equal for prompt results. Takes but a moment to prepare, and saves you about \$1.

Pine is used in nearly all prescriptions as a remedy for coughs. The reason is that pine contains several elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and tastes very pleasant. You can feel this take hold of a cough or cold in a way that makes business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—irritated membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment. Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. Beware of substitutes. Ask your druggist for "2 1/2" ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

# CHEESEMAKERS OF FOUR COUNTIES TO MEET IN NEENAH

J. D. Jones, Commissioner of Agriculture, to Be Chief Speaker

John D. Jones, Madison, commissioner of agriculture, will be the principal speaker at the annual branch warehouse meeting of the Wisconsin Cheese Producers' federation to be held in Neenah on Saturday, Nov. 22. It is expected that a number of dairy men from Outagamie county will attend. Mr. Jones made such an impression with the members at a meeting last year that he was asked to appear again.

The meeting will be held at the warehouse of the Fox River Valley Storage company, Second-ave. and Soe Line tracks. Other speakers are Frank Swoboda, general manager of the Wisconsin Cheese Producers' federation, and William Hutter, vice president. The morning session will begin at 10 o'clock. Dinner will be served at noon, and the meetings will be continued immediately thereafter.

To add zest to the day's activities, a number of prizes will be offered for various classifications. The fattest man and the shortest man both will be eligible for prizes. Factories will be rewarded for getting out the largest attendance, as will also cheesemakers who put forth a special effort to get out a crowd.

The Neenah warehouse was opened as Branch No. 9 of the federation rapidly growing list of branch houses on Mar. 1, 1924. During the first ten months close to 2,000,000 pounds of cheese will have been handled. The warehouse which has been built is an example of the enterprising spirit of the farmers of the Fox river valley. Factories in Waupaca, Outagamie, Winnebago and Calumet are delivering cheese to the warehouse. County Agents R. A. Amundson of Appleton and Gust Sell of Oshkosh are cooperating to make the meeting a success. W. J. Armstrong is president of the branch storage association and Eli Deinet is secretary and treasurer.

## COOKING SCHOOL RECIPES COLLECTED IN BOOK FORM

The printing department of Appleton vocational school is working on a book written by the Misses Mabel Burke and Christine Dohr of the domestic science department. Pupils of the domestic science course formerly had to copy recipes from mimeographed sheets or individual cards, but now they will be able to purchase the book which are small enough to fit the recipe filing cabinets. Headings will be used for each special subject such as salads, meats, desserts, etc. In order to facilitate the work, it is expected that quite a few will be sold outside of the school as there is a large demand for Miss Burke's and Miss Dohr's recipes.

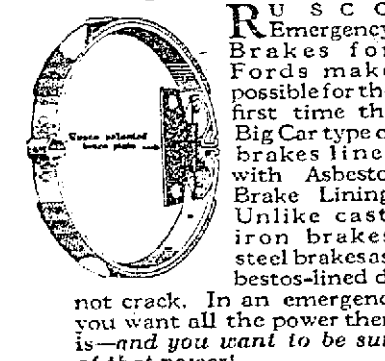

## HARVEST FESTIVAL TO CELEBRATE THANKSGIVING

Members of the First Congregational church will observe Thanksgiving with a harvest festival Sunday evening, Nov. 23. Dean Carl J. Waterman will direct the choir in a harvest cantata and Dr. H. E. Peabody, the pastor, will preach.

Students from Lawrence college are to take part in a pageant in which will be represented all the seasons and the fruits of each season. Miss Ruth McKeenan, director of dramatics in Appleton high school, is to be the reader.

The church will be decorated with autumn flowers, blistersweet, corn stalks, pumpkins and other symbols of the season. The festival is an annual service in the church.

# Hangman Believes His Work Is Finished

BY ROY J. GIBBONS

Chicago—Over in the county jail here there is a man who on the average of every six months during the last ten years has unpacked a sinister looking box.

The box contains the portable gallows upon which the world thought Nathan Leopold Jr. and Richard Loeb would go to their deaths for the slaying of little Robbie Franks.

This anonymous hangman, who has snapped out the lives of almost 20 murderers, has predicted there never will be another hanging in Chicago.

Gossip in the jail says that he made this comment right after Nicholas Guida, 21, and Tony Demio, 19, got 25 years imprisonment instead of the rope for slaying James R. Burke, a rooming house proprietor.

The youths' lawyer drew upon the Loeb and Leopold trial to support their case. They said:

"These boys are poor. So are their fathers and mothers. There is no one to aid them or provide expensive attorneys for them."

The jury listened to that argument. After the verdict was brought in, one of the jurors is said to have declared that if Loeb and Leopold had been given death Tony and Nicholas would have died also.

"We are glad that Loeb and Leopold were tried first," Tony and Nicholas say. "Well known members of the Chicago bar, drawing inference from what has been done to Tony and Nicholas, believe it will be a long time before Chicago consents to restoration of capital punishment."

The hangman is said to think the same way. At least he is not preparing to unpack the crate of death again.

He believes he will have to apply for a job elsewhere.

## ROHAN SPEAKS TO DADS AND SONS AT RANDOLPH

San. Rohan, principal of the Lincoln school, spoke at a Father-Son meeting at Randolph last Friday night.

In his speech he declared that the doors of opportunity are open to all who are willing to recognize them and who strive to enter them, and that success may be obtained by "hard diligent directed effort." Mr. Rohan illustrated these points by the life of

# BOARD INCREASES PAY OF TWO JUDGES

Both judges at the county courthouse are due for a rise in salary at the commencement of their next terms. The present salary of the municipal judge is \$4,000, but it was increased by the county board of supervisors to \$5,000 a year. The salary drawn by the county judge at the commencement of Judge John Rotensok's term was \$2,500. This later was increased by the state legislature upon the request of the county board to \$4,000. But since the appointment of Judge Fred V. Heine, man for the unexpired term, the incumbent has been drawing only \$2,500 a year on account of the dispute over the legality of the increase. The board of supervisors increased the salary to \$4,000 a year for the next term. Election of a municipal judge and a county judge will take place next spring, but the new terms do not commence until Jan. 1, 1926.

one of the most powerful of antiseptics capable of destroying the most pernicious germs and the poisons caused by them, is also a marvelous healing agent.

One application for instance stops the itching of eczema, and a few applications causes the eruptions to dry up, scale off and completely disappear. It is equally as effective in barber's itch, salt rheum, redness and inflammatory skin trouble.

People who want to reduce varicose veins, wens or goitre, or get rid of eczema, ulcers, boils, abscesses or piles in a few days should not hesitate to get a bottle at once. It is so powerful that a small bottle lasts a long time. Any pharmacy can supply you. Volgt's Drug Store, Schlitz Bros. Co. sells lots of it. adv.

## Purvis Cops First Place In Opener Of Intermural Program

Lawrence College Harriers Begin Schedule of College Athletic Competitions With Race

Lawrence athletes Wednesday afternoon started their schedule of intermural sports with a 2 1/2-mile cross country race, which was won by Purvis, one of the stars on the college team, in 12 minutes, 54 seconds. The program has been planned for the entire school year and will include wrestling, boxing, shooting baskets, swimming, diving, horseshoe and a number of other sports, which will give every student a chance to compete in the sport in which he excels.

The winner of each event will be awarded a medal, and Purvis is the first to cop one of the coveted prizes. Prospective competitors in wrestling and boxing are planning to begin workouts late this week or the beginning of next. They will be coached by Lyle (Liz) Blackburn, a freshman football mentor.

The crosscountry runners came in in the following order: Purvis, Sorenson, Lochlin, Schneider, Kingsbury, Cary, Bredlow, Petersen and Meyer. Coach A. P. Denney had arranged a cross country meet with Marquette as a feature of the homecoming, but was forced to call it off because of the death of Dr. Samuel Planitz. He has opened negotiations with the Hilltop to run off the race at a future date but is experiencing some difficulty. "The Marquette Harriers are dated up completely for some time to come, but Denney hopes to induce them to come here the day before Thanksgiving.

## HILBERT BUILDS BASKETBALL FIVE

Hilbert — A basketball team has been organized by the local players with Roy P. Mader as manager. Mader has all the pep necessary to be a good manager for a good team. He is one of the ex-high school stars and played with the high school team that went to Oshkosh Normal tournament in 1919. He knows the game from A to Z and should prove a very capable manager.

In his lineup he has included Orlepp, Edlridge, Meyer, Schmidt, Herke and Suttner of last years team. With this team he has added Buck Corbett and Joe Vollmer.

Orlepp played with last years team and at present is in demand by several other teams. As a center for the local team he has no opposition and no doubt will prove a star at this position.

For forwards Meler, Edlridge and Schmidt who have played together several years, have been chosen. In addition to this he has Joe Vollmer for another man capable of filling the above position.

Herke and Suttner will play guard. They have played this position together for the past five years. Buck Corbett, last year's all conference man in the high school league, will also be ready to act in this position.

## Feinting Is Lost Art In Fight Game

New York—Feinting is a lost art in boxing as the game is practiced today, says Jack Britton, former welterweight champion.

Britton says that with one or two exceptions there are no fighters today who have a logical conception of what the feint is.

In the old days," says Britton, "the first thing a fighter tried to master was the feint. Now when you mention feint to a boxer he thinks some one has swooned."

"Leonard is probably the best exponent of the feint in boxing today. The lightweight champion at last knows what it is for."

"A lot of the fighters today think they are feinting when they stab forward with a left hand and then draw a lead from the opposing fighter."

"Of course that is a feint but instead of stepping in with a right hand the fighter today steps back and out of harm's reach."

"That is not the idea of the feint. It is not a defensive weapon. It is clearly an offensive stroke."

"When you feint and the opposing boxer strikes out with a punch it is your cue to step in and beat him to the punch. Otherwise your feint, in drawing the enemy fire, has availed you nothing."

Jim Corbett was the first fighter to introduce the feint to the prize ring. Bob Fitzsimmons came along later and developed an even better one. Abe Attell was a master at feinting. So was John Kilbane, who succeeded him as featherweight champion.

## ILLINOIS FULLBACK SELDOM IS "PULLED"

Fullback Britton of Illinois is seldom removed from a game by coach Zuppke. Britton is inclined to take on weight and Zuppke keeps him in the lineup for conditioning purposes.

## MANY HOPES ARE INVOLVED IN BIG TEN GRID GAMES

Championship Hopes, Individual Records, Personal Triumphs at Stake

Chicago—More championship hopes individual records and personal triumphs are involved in this week's Western conference final than at any other time during the season.

The best chance in the conference to take the title is for Chicago—the incentive to herculean practice of this week. A victory over Wisconsin for whom Coach Stage is grooming a powerful aggregation of substitutes to augment his cast-iron means undisputed possession of the crown for the Maroons.

Notre Dame hopes to advance another notch in its climb to claim on a national championship by victory over Northwestern.

Michigan and Iowa have a chance at the title involved in their meeting at Ann Arbor. A victory for either coupled to a Chicago loss to Wisconsin would mean championship consideration. The Wolverines have completed their defense and work for started on the attack in which for ward passes so far have been stressed.

Tom Rockwell, Michigan's quarter, has an opportunity to end his conference football career as the leading point score, since Harold "Red" Grange of the Illini who leads him by one point is out for the season with an injured shoulder. Rockwell has 77 points to his credit.

The record of Harry Thomas, Chicago's fullback, of never having participated in a conference game in which his team was defeated is also at stake. Thomas was out of the two conference games Chicago lost in three years he has been with the team.

A green turtle with a shell two feet in diameter is the trophy in the Illinois-Ohio State game. Illinois has some little hopes, although defeated last week by Minnesota. Its aspirations being contingent on an Illini victory and defeats for other contenders.

Premier honors in the Hoosier section of the Western conference in spite Indiana and Purdue to strenuous preparation for their tilt at La Fayette. Indiana's victory over Ohio State gives it the edge, but the Southerners have a victory over North Carolina and a good showing against Chicago to their credit.

Minnesota has the football honor of the north in its hands as it awaits for Vanderbilt of Nashville, Tenn.

## DIGSKIN PRIMER

What is the penalty if the official discovers a certain player holding while neither team is in possession of the ball?

The ball shall go to the offended side at the point where the foul was committed and the ensuing down shall be the first.

Team in possession of the ball makes a long forward pass. The player to whom the pass was thrown as well as opponent who was covering him, both jump into the air in an effort to get the ball. It appears as if the ball is caught simultaneously by the eligible player of the passer's side and by an opponent. To whom does the ball belong?

In baseball, if a runner and the ball arrive at the same time in the opinion of the umpire, making the play starting the play gets credit and is called safe. The same theory holds good in football. If the official believes the ball was caught simultaneously by two players it goes to the side putting the ball in play.

## POST OFFICE JUNIORS LOSE TO ST. JOSEPHS

St. Joseph Blues Tuesday evening defeated the Post Office Juniors in two out of three games on the St. Joseph bowling alleys and capped the match, 2527 to 2443. D. Albright of the Blues easily led the scoring with 232 as high game and 607 for high match total. His closest competitor was James Brown of the Juniors who crashed through the wood for a 331 total.

The scores:

## Kid Brother Hopes To Equal Red Dunn's Mark

Milwaukee—Athletic prowess usually is associated with the name of Red Dunn, for instance. Red, one of the best quarterbacks and punters ever developed at Marquette university, and an All America, by the way, has a younger brother whose toe gives promise of being as great as the sensational boot of the Auburn haired kicker.

The youngster, whose name is Cornelius, is a freshman at Marquette, and plays end. He is a big, strapping fellow, weighs more than Red, and is a natural kicker who can shoot the long spidris nearly as far as his brother did in his palmy days.

The football experts say that with a year's practice his kicking will equal that of Joe's. A third brother, Johnnie, is tearing things up at quarterback on the Marquette high eleven and looms as a future varsity star.

## Lefty Groves Has Long List Of Strikeouts

Philadelphia—"Lefty" Groves, recently purchased by Connie Mack from Baltimore for more money than there is in the United States mint, had a unique experience in his professional debut.

Pitching in a small minor league, he walked 16 men in his first game. Not so good.

The next day he came back for another trial. Instead of a parade to first, as in the first game, the march was to the bench. He struck out 23.

Since joining the Baltimore Orioles, Groves has kept up his strikeout habit. In four years he has struck out 1185 international batters.

Groves' best year was in 1923. He started the season by fanning 17 Syracuse players. His total strikeouts for the year was 330.

Oakland, Calif.—Jimmy Duffy of Oakland won a decision over Jack Fulton, former welterweight champion, in four rounds.

## TITLE OF LITTLE FIVE AT STAKE IN BLUE-GOLD BATTLE

Lawrence Victory at Beloit Will Bring Undisputed Championship

LITTLE FIVE STANDINGS				
	W	L	T	Pct
Lawrence	2	0	1	1.000
Ripon	2	0	2	1.000
Beloit	1	3	0	.500
Carroll	1	1	1	.500
Northwestern	0	4	0	.000

Championship of the Little Five conference will be at stake Saturday when Lawrence invades Beloit for a final battle with Tommy Mills' Gold striders. If Lawrence wins it will have an indisputable claim to the title with a record of three games won and one tied, but Ripon is inclined to regard the fact that it held the Blues to their single tie as a basis for a claim on even honors.

The Lawrentians are dogged as strong favorites to win Saturday. The Millsmen have been laboring all season under the handicap of injuries to first stringers, but might show a reversal of form Saturday. If Mills can whip his original team into shape for the game, the Blues may be due for an unpleasant surprise.

The Gold has defeated Kalamazoo and Northwestern, tied Cornell and lost to Ripon and Knox, while Lawrence easily swamped both Carroll and Northwestern but was tied by Ripon.

With many bad defeats of former years and the more recent one at the hands of Ripon ranking, Beloit may be depended upon to put up its hardest fight of the year Saturday.

RECIPES

# To Prevent Cold, Guard Day's Habits

Epidemics of colds are beginning to go the rounds. Their season has started. A doctor writes, urging people to do away with the handkerchief and use, instead, squares of cheesecloth which can be burned later, along with germs.

The use of the handkerchief is the most unsanitary and unhealthful practice of civilized man.

Going into the family wash, it is apt to spread its cargo of germs. Few people hold clothes long enough to kill germs. To kill the tuberculosis germ, for instance, requires as much as 20 minutes boiling.

Cheesecloth is cheap. It's easily burned. Common sense suggests its use at all times, certainly when we have a cold.

A person with a cold expectorates in the street. The sputum dries up and the germs are blown around in the dust. Inhaled, they transfer the cold to other victims. Safety wouldn't be assured if we wore gas masks over nose and mouth for germs can enter the body through the eyes.

Diseases cannot be cured unless every one of us is decent enough to do his part to safeguard others. And the common cold is easily the worst malady we have. The average person has several colds a year. He feels wretched. His work suffers. Probably, he's confined to the house a few days. Nationally the thing mounts up into a tremendous economic loss.

We are constantly being attacked by germs. Whether we are able to hold them in check depends largely on our powers of bodily resistance. Plenty of sleep, moderation in eating, regular exercise and lots of fresh air, all these help.

"Colds" are improperly named. They might better be known as "hoars" since they usually bring fever. Apparently they got their popular name because they're most prevalent in cold weather.

Above all, we should mark and remember this false notion the popular saying: "Feed a cold and starve a fever." This saying originated more than 2000 years ago when Hippocrates, the Greek "father of medicine" said: "If we feed a cold, you will have to starve a fever." Time has twisted his words and thereby falsified their meaning. Hippocrates was right. Starve your cold.

# Physiology Gives Reasons For Closed Eyelids During Kiss

It's always an affectionate kiss that makes a girl close her eyes. And here's the reason. When the lips are drawn together, the pressure effected by contact produces sufficient heat and sensation to cause the coils in the lateral nerves to vibrate with sufficient oscillation to occasion the nervous system to command the optic nerves surrounding the eyelids to make a sympathetic and responsive interlocking. At least that's what government scientists say. But most folks think she closes her eyes because she likes it best that way.

# DREAMS Each Has Its Own Meaning

Dreams of collisions mean but one thing: you are about to face difficult problems which will end seriously for you unless you exert yourself.

Such dreams of caution must not be taken lightly. When such a vision comes to you, prepare yourself to meet the emergency and you will be protected.

LETTER FROM SALLY ATHERTON TO JAMES CONDON DEAR JIM

As I read your long letter I laughed and—no, I didn't cry. I just swore a little now and then.

You say you are talking to me like a father. You are doing nothing of the kind, my dear. You are just talking like a boy who is much hurt by the fancied indifference of his beloved.

Dear Jim, I am very fond of you—you should know that. You did make my life bearable all the time while you and I and Sam were with Mr. Hamilton. You taught me all the patience I shall ever know. You were so kind and sweet to Sam while he was recovering his sight and he was so unbecomingly and impossible. He could not have kept his position with Mr. Hamilton a minute if it had not been for you.

As it was when I found I could not keep my position as a wife—when I found I was a coward—when I found it was not in my nature to accept personal responsibility—when I found that I hated to pay for my mistakes more than anything else in the world—I ran away and came over here.

I thought it would be better for all of us. Poor old Sam is out of it, and you are over there succeeding as you should be while I—well, Jim, I'm going to be a rich woman before I die.

I don't want to be any one's wife. Of course I like to be loved. You were very sweet when you implied

that I would give up the attentions of any one for the speech of people. If the man amused me. I will do nothing of the kind. For it's only amusement, Sam—it's exactly the same kind of amusement that is always being prepared for the tired business man—just something by which to forget. The lethal drink of some man's flatteries always tests me.

But I don't want to be serious about it, even with you, my dear. Surely you know dear boy, that a man is much worse off if he marries his first love than if throughout his long life he remembers her as an ideal. Think how lovely it will be when you are old and bored to death with the world and your wife and harassed by responsibilities of your children. To sit by the fire and dream how much better it would have been had you married me. These "would have beens," dear boy, are not sad tales are just memories of dreams that are beautiful—too beautiful to be ever realized.

Yet, I expect dear boy, that I am about the worst woman on earth to indulge for I have no particular feminine ideals or even particularly feminine ideas, you know.

I want to succeed. I want money. I want a lot of money—not because it means so much to me in itself, but because money seems to be the measure by which all America computes success and I have a wholly masculine

ing the winter coat that is not fur-lined.

**PLAID MATERIALS**  
Insets of plaid materials brighten up the dark dress or kasha or serge that is kept dark and trimmed for practical reasons.

**SLEEVES PROMINENT**  
The sleeve is getting considerably more attention than it did for a while, and cuffs, puffs and sleeves vary the monotony of the long plain sleeve.

# RED PIMPLES ON FACE AND BACK

Bothered For About a Year, Itched Badly, Cuticura Heals.

"My face and back broke out with little, red pimples that bothered me for about a year. My face was very sore and my back itched so badly that I scratched it, causing it to bleed. The pimples bothered me so that I only got about half my night's sleep."

"I began using Cuticura Soap and Ointment and they helped me. I continued the treatment and in a short time I was completely healed." (Signed) Mrs. Floyd A. Davis, Perry, Ohio, Jan. 15, 1924.

Cuticura Soap, Ointment and Talcum promote and maintain skin purity, skin comfort and skin health. The Soap to cleanse, the Ointment to heal and the Talcum to powder.

Samples free by Mail Address: "Cuticura Laboratories," Dept. 5, Malden, Mass. Sold everywhere. Soap 25c, Ointment 25c and 50c, Talcum 25c. Try our new Shaving Stick.

## WHAT THE KING'S COOK DID IN THE SKY

The cook of the King of Yum Yum Land stopped being frightened when the magic dust pan ran off with him to the sky, and he began to look around.

"Well, well, well," he said to himself. "For the first time in my life I am seeing the world. And as I have the magic fork I am in a fair way to make my fortune. I can start a hotel and I won't have to cook as much as an egg. I can stay in bed all day and just wave my fork and provide food for a hundred guests."

But then it occurred to him that there he was up in the sky with no idea of how to get down.

All at once he saw a wonderful sight.

Right ahead of him sitting comfortably on a big cloud, was a nice little house with a red tile roof and a red chimney and nice green shutters and a cute front porch and everything. The cook didn't know that it was the House That Jack Built.

"Well, of all things!" he cried. "What is that funny stuff sticking out of the windows? It looks exactly as though part of the cloud had gotten inside and was poking through."

But pretty soon the dust-pan brought him near enough to see what the stuff really was. You know what it was of course. Mrs. John's bread dough that had raised until it got so big and so light that it had lifted the little house right off its foundation and carried it up to the sky.

But the cook couldn't make it out until he was close up.

"Why it's bread dough as sure as you're born!" he exclaimed. "Nice sweet, light bread dough! I wonder how it got here and where it is."

He gave a little jab with the magic fork at a great bulgy place that was sticking out of one of the windows and puffed "puff" "whuff!"

The air went out of the bread dough like a punctured balloon and the dough settled back in its pan on the table as though it had never had a thought of leaving. Except for a little flour dust on the ceiling, and a patch on the stove and a smudge on the door, the kitchen was as clean as apple pie, for Mrs. John was a good housekeeper.

"Doughnuts and gingerbread cried the cook. "If queer things keep on happening, I'll begin to think I have wheels in my head. I haven't known whether to believe in my good luck or not. A magic fork to provide food and a fine house to live in. In my old age I'll just go inside."

So he opened the little brown door and stepped off the magic dustpan and went in.

Instantly the magic dust pan started to fall toward the earth.

It dropped down like a stone.

But it never reached the ground.

Nancy and Nick and Daddy Gan or were still floating about in the air with no place to go. The peddler's floating powders were very strong and lasted a long time.

As the magic dust pan passed Daddy Gan's head, he saw a woman always smiling as she says "I thank you."

# SISTER MARY'S KITCHEN (A Menu for the Stout and Thin) EAT AND— Lose Weight—Gain Weight

One half grapefruit, 1 slice crisp biotted bacon, 1 head lettuce, 4 ounces cottage cheese, 6 spung onions, 1 green pepper, 3 green olives, 4 ounces biotted cod steak, 1 artichoke with 2 tablespoons vinaigrette sauce, 2 ounces crisp with 1 orange, 1 individual ivory cream pudding, 1 toasted bran muffin, 2 small pieces whole wheat bread, 2 Parker House rolls, 3 tablespoons butter, 1 pint whole milk.

Total calories 4179 Protein, 894. fat 1707, carbohydrates, 1575. Iron .019 gram.

**STUFFED PEPPER (INDIVIDUAL)**  
One medium-sized green pepper, 3 tablespoons cottage cheese, 2 tablespoons heavy cream, 2 tablespoons chopped nuts, 6 green onions, 3 green olives, 2 tablespoons mayonnaise.

Cut slices from stem and end of pepper and remove seeds and pith. Combine cottage cheese, cream, nuts, onions finely minced and olives. Season with salt and pepper if necessary and fill pepper with the mixture. Put on a bed of lettuce and mask with mayonnaise.

caught in a button of the old gentleman's green coat and hung there. "Great growing brown coins," cried Daddy, grabbing it with both hands. "If it isn't my dear little bread dough! Look here, Twins. We're saved!"

The minute he touched it the pan spread out like a magic carpet and in about two minutes the three old ventures were sitting on it as soft as the Tale of Baghdad on the magic carpet.

## Good Manners

### SMILE SHOWS CHARITY

Even to a stranger, who does not know you, a woman of charm always smiles as she says "I thank you."

One half grapefruit, 1 slice crisp biotted bacon, 1 head lettuce, 4 ounces cottage cheese, 6 spung onions, 1 green pepper, 3 green olives, 4 ounces biotted cod steak, 1 artichoke with 2 tablespoons vinaigrette sauce, 2 ounces crisp with 1 orange, 1 individual ivory cream pudding, 1 toasted bran muffin, 2 small pieces whole wheat bread, 2 Parker House rolls, 3 tablespoons butter, 1 pint whole milk.

Total calories 4179 Protein, 894. fat 1707, carbohydrates, 1575. Iron .019 gram.

The lettuce, cheese, onions, pepper and olives are suggested as a salad for luncheon. But if you prefer to eat each ingredient plain and separately there is no reason for combining them.

In reply to a request this arrangement of the food for the day is made. Breakfast—Grapefruit, bacon, toast, muffin, cup of hot skimmed milk.

Luncheon—Green pepper stuffed with cottage cheese, combined with finely minced onions and olives served on a bed of lettuce, 2 small pieces whole wheat bread, 1 cup hot or cold skimmed milk.

Dinner—Biotted cod steak, artichoke, crisp and orange salad, 1 gluten roll, ivory cream pudding, 1 cup hot water or weak tea or "demijars" of coffee without sugar or cream.

If less food than this is needed my plan would be to reduce the amounts and omit the dessert. A varied diet is necessary to maintain good health.

# "Gets-It" Removes Corns Quickly

Give Your Corns the Laugh

One touch of "Gets-It" puts corn or callous pain to sleep forever. Two or three drops applied to corn or callous soon shrivels them into a loose piece of dead tissue that can easily be peeled off with fingers. There is no danger, no bother, no guess work—just quick, sure, and pleasant relief. Gets-It does not fail. Your satisfaction is absolutely guaranteed. Costs but a trifle. E. Lawrence & Co., Chicago.

## Classified Ads Save Money—And Regrets, Too

Some time ago a wise man said that a penny saved is a penny earned.

And up to date no one has attempted to controvert the principle thus propounded.

All people—even those who make no real attempt to save—are willing to admit the desirability of thrift. And in view of all these facts, there isn't much possibility that anybody will deny the desirability of a medium which saves both money and regrets.

The Post-Crescent's A-B-C Classified Sections lists some of the best bargains that ever come to light in Appleton.

Every day these classified columns are teeming with better-than-usual offers at lower-than-usual prices.

Regular classified readers know just what's going on in the bargain market—and what's coming off in the opportunity line.

They save the things worth saving—money and regrets!

# COUNCIL'S SIGN REGULATING BILL IS CHANGED AGAIN

Aldermen Proceed Cautiously in Preparation of Ordinance

The proposed ordinance to regulate the erection and maintenance of roof signs and protecting signs again failed to come to a vote at the meeting of the common council Wednesday evening.

The entire ordinance had been revised and rewritten, but more revisions and amendments are foreseen before the ordinance is ready for passage. Under the proposed law no signs could be erected without a permit issued by the building inspector with the consent of the council. All signs must be danger-proof, insured against accidents and inspected yearly.

Alderman C. D. Thompson said that the ordinance was not yet in proper shape, and proposed deferring action. Although regulation of roof signs was originally intended to protect the main thoroughfare of the city, it is much wider in scope. It includes all signs on industrial plants where danger of accident to the passing public is not imminent. He also saw no reason why the merchants should not be taxed \$3 to \$5 every year for an annual inspection. Alderman Mike Steinbauer supported Mr. Thompson on this question. The matter was referred to the committee of the whole which later in the evening reported to the council that it be deferred for further study.

## PRIVATE SESSION

Other matters referred to the committee of the whole were the installation of a street light on the grounds of St. Elizabeth hospital, an amendment to the zoning ordinance to make a local business district of the corner of Mason and Lafayette streets, and a request of the Green Bay & Mississippi Canal Co. to extend a retaining wall near the Johnst bridge up to the street line.

After the completion of routine business the council resolved itself into a committee of the whole and Alderman R. C. Zilka was called to the chair. The committee then retired to the committee chamber for executive secret session.

Upon returning and rising to report, the council passed the amendment to the zoning ordinance which will make it possible for Andrew Peterson and W. C. Williams to establish a creamery at the location named. The Green Bay & Mississippi Canal Co. was given permission to extend the wall, but the city engineer was directed to inspect the company's bridge near the Telulah mill with instructions to order it repaired, if necessary.

## LIGHT IS REFUSED

The council refused the request of the American Wenzel Hasemann that a street light be placed on the grounds of St. Elizabeth hospital, and although no reason was submitted by the committee of the whole, discussion at a former meeting revealed that most of the aldermen were adverse to maintaining a light on private property. Proponents of the measure, however, reminded the council that it is now maintaining street lights on private property, namely Lawrence college campus.

City funds having again dwindled, the city clerk has authorized the council for another loan in anticipation of 1925 taxes. The amount of this loan was fixed at \$30,000. The previous loan was \$10,000. Accounts examined by the finance committee and allowed by the council Wednesday night amounted to \$83,348.63 for two weeks.

A remonstrance signed by a large number of residents on State street north of College avenue protested against the raising of that portion of the street next year. A few weeks previous a petition asking for the pavement had been adopted by the council.

A further loan of \$10,000 was extended to the free high school district the money to be paid back with interest on Feb. 1, 1925.

Election officials who served in the November election at the rate of \$7.50 a day were granted a bonus for every hundred votes or fraction thereof that they counted. Some of the boards had put in 28 hours straight. It was reported by E. L. Williams, city clerk. When the council adjourned Wednesday it was to meet again on Monday evening, Nov. 24, at which time the city tax levy will be fixed for the ensuing year.

Mrs. G. C. Krueger and daughter Dorothy of Loyal, Wis., arrived Wednesday to spend a few weeks at the home of her parents. Mr. and Mrs. Jacob Kromer, 504 Hancock street. Miss Lydia Jensen and James Smith of Niagara Falls, N. Y., and Edward and Marie Calmes of Stargersville, N. Y., are visiting at the home of Frank Calmes.

## INGLER BACK FROM C. OF C. MEETING

Dean Francis M. Ingler returned Tuesday night from Indianapolis where he attended the second mid-year meeting of the North Central division of the Chamber of Commerce of the United States. This meeting was attended by delegates from chambers and trade associations in Ohio, Indiana, Illinois, Iowa, Wisconsin, Minnesota, North and South Dakota, the states included in the north central territory. Registration indicated over 400 in attendance.

Commenting on the meeting, Dean Ingler said: "The most inspiring messages were brought from officials of the national chamber. The business men were amazed at the very intricate and complete machinery which had been installed in the new building of the National Chamber of Commerce in Washington, D. C., all for the purpose of helping business men with their problems. The chief topic under discussion by all the speakers had to do with waste. This problem is not only a national, but even a state and personal problem. The subject was attacked from every angle and business men of the United States are determined to reduce the waste bill in the United States. Richard F. Grant, president of the national chamber, spoke at the banquet in the evening."

The next annual meeting will be held in Washington, D. C., in May 1925.

**Use Heating Plants**  
Appleton's new junior high schools are being heated by their own heating systems. Fire was started at the Wilson school Wednesday afternoon while the Roosevelt school has been using its heating plant since Monday.

## STURGEON BAY TO GET COUNCIL OF K. OF C.

A new council of Knights of Columbus will be instituted at Sturgeon Bay Sunday afternoon by E. W. Grogan, state deputy. There will be the examination of the three degrees, followed by a banquet in the evening. Degree teams from Milwaukee, Fond du Lac, Plymouth, Two Rivers, Appleton and Kaukauna will participate and a large gathering of Knights of Columbus from this part of the state is expected to attend. The principal speaker at the banquet is to be John F. Martin of Green Bay, supreme director.

## This New Treatment Never Fails to End Piles

Many sufferers from Piles or Hemorrhoids have become despondent because their cases have been led to believe that their case was hopeless and that there was nothing in the world to help them.

To these people we say, "Go to your druggist and get an original box of MOAVA SUPPOSITORIES." One of these inserted into the rectum according to directions will be found to give immediate relief. They reach the source of the trouble and by their soothing, healing, antiseptic action first allay the pain and soreness and then by direct contact with the ulcers and piles cause them to heal up and disappear forever.

It's simply wonderful how speedily they act. Blessed relief often comes in two days. Even in cases that have steadily resisted all known treatments, marvelous results have been obtained. Schintz Bros. Co., and Voigt's Drug Store dispense MOAVA SUPPOSITORIES in the original box or can get it for you on short notice. adv.
